May Experience Subcommittee

Present: Batson, Cass, Gabbert, Calvin, Daniels, Bressler, Aarnes, Armstrong

Recorder: Daniels

1. There was a discussion of the committee direction regarding a report and recommendations to the ITF regarding the May Experience. It was decided that all May Experience committee guidelines must be directed by the content of the CRC report but are expected to provide clarity and definition as courses are developed.
2. The draft of the CORE and Global Awareness credit report will be posted on the committee database
3. The committee will invite Brad Barron to a future meeting to discuss renumbering plans for May Experience classes.
4. A report on the progress of the subcommittee will be presented at the faculty meeting on May 1, 2006.
5. A discussion was held on how to address Independent Studies/Internships (80, 83, 85) classes. Results of that discussion included the following:

Departments will be polled and asked to define their current policy.

The May Experience committee will discuss and make recommendations to ITF on issues such as faculty credit for classes, how independent studies/internships are to be included, numbering of courses and faculty compensation, deadlines and how that could impact creation of classes as well as student on-campus enrollment which could directly impact budget concerns.
