PROGRAM OVERVIEW
Senior Leaders Greenville is a program designed and facilitated by the Osher Lifelong Learning Institute at Furman University.

9 day-long course sessions will focus on topics such as healthcare, transportation, housing, government, and leadership skills. You will meet with community leaders, activists, and experts to gain a comprehensive, in-depth look at Greenville’s history, people, and institutions. You will learn how they affect, and are affected by, the growing senior population, and have a chance to think about how you want to use your new knowledge to get more involved in the community.

The program begins with an Orientation in August and concludes with a graduation luncheon in May. Tours, speakers, group activities, and exercises will help you become informed on topics that are particularly relevant to seniors. As you identify the opportunities and challenges faced by the senior population, you will be encouraged to bring your unique talents, wisdom, and skills to generate ideas for advocacy, collaboration, and creative solutions.
