Great things are happening this year for OLLI!

Construction for The Herring Center for Continuing Education is well underway. If you have been by the site, you can see that much progress has been made since the groundbreaking in August. Behind-the-scenes activity includes meetings of the construction and Furman facilities personnel, with input being offered by OLLI leaders and the Continuing Education Department.

You are welcome to visit the OLLI Office to see the following:

- **Building plans**, updated to include the garden level.
- **Furniture samples** provided by Furman (We have had the opportunity to express our choices of what we would like to see in the building. As with any item of this sort, there is a spending budget, so our choices must be within our budget guidelines.)
- **Color schemes** to be used throughout the building.

We are anxiously looking forward to completion by fall term 2012 when we can “Occupy The Herring Center”!

Another piece of good news came from the Osher Foundation. We were notified on November 17 that we had received a second $1 million grant that will fund the endowment to support our growing OLLI@Furman. Richard Riley, chair of Furman’s Board of Trustees, made the announcement during Tim Baiden’s “In Conversation With” class.
The following is a quote from Mary Bitterman, President of the Osher Foundation: “We applaud your vibrant learning community which reflects your contributions and time, talent and financial resources that your members have made to develop and maintain an outstanding, yet affordable program. Your successful fundraising for the construction of your new home in the Herring Center is a particularly inspiring achievement and we commend you on setting a very high standard for others in the national network of Osher Institutes.”

Our endowment earnings and good financial management by our staff and Karl Sedlarz and the Financial Committee have enabled us to expand our program. At the same time, our fees have remained unchanged for the past two years, making OLLI@Furman the “best deal in town.”

A special thank you goes out to Jim Baker and the Curriculum Committee. Once again, they excelled in creating an exciting mix of classes for the winter term that has drawn an enrollment of over 800 members. And, as always, sincere thanks to Lucy Woodhouse and her staff for the great job they do in supporting all the OLLI members. I must also thank the many volunteers and instructors who make our days spent at OLLI so enjoyable.

GONE, GONE, GONE
Judy Aten

My world was an ivory falsehood;
A sepia daguerreotype,
With muted colors,
And hushed brights and lights.

Through thickening windows I gazed,
Unaware things had been altered over the years;
I believed the lie, and saw false colors,
As the reality was hushed.

Ah, what a change when those thick panes were removed;
When I turned my back on those aged, thick surfaces;
And replaced them with something light and clear;
What had been muted came to life once more.

White whispered brightly;
Red roared joyously;
Yellow yowled boldly;
Green guffawed again.

Good-bye cataracts!
NANCY KENNEDY: OUR “MOMMY HOURS” EXPERT
Judy Aten

Nancy Kennedy joined the OLLI staff in April of 2011 as our Volunteer Coordinator and Office Manager. Nancy describes her duties as the “fun stuff.” Charged with making sure things run smoothly, she oversees the student workers and OLLI volunteers and coordinates the Social Committee, as well as ordering supplies and handling general troubleshooting. The South Carolina native describes OLLI as a happy place filled with interesting people who are pleased to be taking classes and interacting with others. She says that every day at OLLI is different and enjoyable, and she hasn’t had a bad one yet.

An active volunteer in the community, the stay-at-home mom decided to curtail some of her volunteering and enter the workforce to beef up her children's college fund. Finding a position that fit with “mommy hours” (off to work after school begins and home before it lets out), wasn’t easy. The Furman graduate was certain OLLI had a specific person in mind when she saw their ad. However, the always optimistic Nancy sent in her application and was delighted to be offered the position.

Nancy earned her Master of Mass Communication with a focus on public relations and fund-raising from USC, where she also met her husband, Patrick. The Kennedys relocated to Greenville in 1995 and have two children: a son, William, and a daughter, Mary Camilla.

Although it’s a bit late, we want to say “welcome aboard” to this charming, always smiling, OLLI employee.

SOCIAL COMMITTEE UPDATE
Nancy Kennedy

The Social Committee has been busy this fall planning fun events for OLLI members. There was a tailgate on the Furman mall followed by the Furman vs Appalachian State football game hosted by Jeanette Spoon, Elaine Granger, and Sandy Jenkins. It was a little cold, but the great food, fun conversations, and a Furman win helped warm things up!

OLLI members also enjoyed a delicious breakfast at Tommy’s Ham House and we’re pretty sure this will become a regular event. Thanks to Sharon Pietsch, Emily Melton, and Bert Wakeley for coordinating.

Finally, Cindy and Chuck Smithers hosted an outing to see the movie “J. Edgar,” followed by supper at Flat Rock Grille. The plan was to discuss the movie over dinner, but the report was that the table of 20 talked about everything under the sun EXCEPT the movie and everyone had a wonderful time!

Plans are coming together for the winter social calendar. You’ll hear more soon about TWO breakfast outings to Tommy’s Ham House, a play at Centre Stage, and a couple of Furman basketball games. There will likely be another movie outing and maybe even a few surprises.

Do you know about all of OLLI’s Special Interest Groups (SIGs)? These provide even more social opportunities. The OLLI website has complete information, and you can also check the SIG bulletin board in the OLLI Office for updates. We currently have SIGs devoted to Photography, Meditation, and Mah Jongg. The Coffee and Conversation, Rogue Readers, and Mystery Readers groups continue. A bridge group is also forming. All welcome new members. Watch OLLI Notes and the social calendar on my office door for more details on SIGs and social events and let me know if you have any suggestions for fun outings or new SIGs.

OUTREACH COMMITTEE
Jack Hansen

During the past several months an effort has been underway to facilitate collaboration of OLLI@Furman with the National Resource Center and other OLLI programs to address key questions about the current, and likely future OLLI membership using interviews, focus groups, and surveys. At the suggestion of the National Resource Center and national OLLI leadership, OLLI@Furman has established a research protocol to be used whenever a research activity of national scope and importance is considered. That study led by the Furman program will be the prototype for such an effort. We continue to focus on changing attitudes toward retirement life.

MISSION
The Osher Lifelong Learning Institute (OLLI) @ Furman is a member-led, member-run, diverse learning community of senior adults engaged in noncredit educational courses and programs, social opportunities, and physical activities that inspire students to stay mentally and physically active in a supportive, nurturing, and fulfilling university environment.

VISION
OLLI@Furman, a division of Furman University’s Continuing Education Department operating out of the Herring Center for Continuing Education, will be the premier adult lifelong learning community in Greater Greenville and a leading program in the network of Osher Lifelong Learning Institutes. OLLI will energize the mind and body through a diverse and stimulating offering of courses, seminars, trips, and social activities conducted in enriching physical and social environments. OLLI will foster member participation and fulfillment, encourage understanding and respect for others, and promote intergenerational involvement with the Furman University and Greenville communities. The evolving success of the program will be measured by the enthusiasm and excitement exhibited by our members for the courses, instructors and various programs; by member participation in the operation of the program; by retained and increased membership; and by the sense of community members share with one another.

GOALS AND ACTION PLANS
OLLI @ Furman, the Council, and Staff will be responsive to the current and anticipated expectations and needs of the OLLI membership and the communities in which it participates.

1. OLLI@Furman will ensure that all aspects of the program meet membership expectations by conducting a bi-annual survey of OLLI membership, focusing on the characteristics of the members and their attitudes toward curriculum, instructors, staff, and current and prospective activities and programs. The results will form the basis for actions appropriate to address identified weaknesses or opportunities. The Membership Committee, in consultation with other committees, will devise and conduct the survey after the winter 2012 term and make a report with recommendations to the OLLI Council at the May 2012 meeting. The process will be repeated every other year thereafter.

2. OLLI@Furman recognizes that the curriculum and the instructors are the heart of the program and must have priority attention and support from the whole organization. OLLI will ensure the high quality and wide range of course offerings and will identify, cultivate, and recognize instructors through proactive initiatives and member support. Each year, the Curriculum Committee will actively recruit and train members, ensuring leadership succession, to develop the curriculum and to identify instructors for each term, while the Faculty Support Committee will provide training, support, and recognition for the instructors each term.
3. OLLI@Furman’s goal is to have 100% membership participation. To that effect, OLLI will encourage members to participate actively in OLLI by providing and promoting all levels of volunteer opportunities for the various skills and talents of our membership. The Volunteer Committee and staff will promote participation to members, measure participation, and report to Council on a regular basis.

4. OLLI@Furman will prepare for and manage growth of the program as its membership increases. The Staff and the Council will review needs on an annual basis and will support growth with adequate services i.e., staffing, volunteers, curriculum, instructors, programs, and utilization of the Herring Center, working with the University’s support services.

5. OLLI@Furman will identify and develop opportunities for enhanced engagement within the Furman community, especially the Continuing Education Department, the Greater Greenville senior community, and the national network of Osher Lifelong Learning Institutes. On an ongoing basis, staff and committee chairs will recommend plans and programs to enhance the local and national recognition, diversity and outreach of OLLI as seen through their focus areas.

6. OLLI@Furman will develop and monitor a financial policy that provides for a balanced budget using membership fees and the Osher Endowment Distribution (OED) and that establishes a process to review, select, and fund programs and initiatives funded by the OED. The Finance Committee will recommend a financial policy and process to the Council at the May 2012 Council meeting and will monitor and report on the financial plan on a regular basis.

7. OLLI@Furman will develop plans and programs that encourage and support the use of the Herring Center by OLLI members and will oversee OLLI needs relative to the facility and equipment on a continuing basis. The OLLI Program Director and Council President will assess and represent OLLI needs in conjunction with Continuing Education Department and Furman facility support.

8. OLLI@Furman action plans will be updated on an annual basis. The Long-Range Planning Committee will review OLLI goals and make recommendations at the winter Council meeting. The Executive Committee will solicit action plans addressing the goals from committee chairs after the May membership meeting and will submit committee action plans to the Council for review and approval at the fall Council meeting.

Unanimously approved by OLLI@Furman Council -- December 14, 2011
Wow - OLLI should again be very proud of its team of volunteer Book Buddies at Duncan Chapel Elementary School this year. Twenty-three out of a total of 47 volunteers come from the OLLI program. We continue to be the largest single source of Book Buddy volunteers at Duncan Chapel. The majority have returned with prior experience in the Book Buddy program, but we are pleased this time to add six newcomers to the team! Thanks to all of you!

The following is the list of OLLI members who volunteered for the Book Buddy program during fall term: BONNIE ARRINGTON (friend of CKM, reads with two students), GARY ATEN (reads with two students), ELAINE BRUMMETT, BOB COLLETT (reads with two students), LYDIA COLLETT (reads with two students), LYNDA FREDSELL (reads with two students), LINDA GILKINSON (reads with two students), MARGARET HOWLAND (reads with two students), CONNIE KANE-MAGUIRE (DC BB coordinator), MARY ANN KELLY (friend of Judy Leonard, reads with two students), NANCY LEDONNE, JUDY LEONARD (DC BB assistant coordinator, reads with two students), SANDY MCILVAINE (reads with two students), VIRGINIA MECHENSKY (reads with two students), PHOEBE MICHAELS (friend of CKM, reads with two students), JEANNE PETERSON, SUSAN RECKNAGEL (reads with two students), SUE RENAUT (reads with two students), KATHY SAUVAIN, BOB SCHERER (reads with two students), DIANE SCHNEIDER (reads with two students), PAT TYSON (friend of Lynda Fredsell, reads with two students), and PAUL ZIEMER (reads with two students).

Book Buddy volunteers read with each student for one half-hour per week. Children are selected for the program because they have no one who is able to read to them at home (in English), and usually they do not read at grade level. The Book Buddy can read to the child, read with the child, or listen to the child read to them - depending on the student's age and ability. The objective is to show the child that reading is fun and worth the effort to learn. If you are interested in joining the OLLI Book Buddy team or would like more information, please contact Connie Kane-Maguire (ckanemaguire@gmail.com or 271-8544) about this opportunity to help a child.
JOHN MACRAE

John Macrae, 76, passed away October 17, 2011, after a long and valiant fight against an aggressive form of prostate cancer. A member of the Princeton University class of 1957, John came to the Greenville area in 1961 with Celanese Plastics Company and retired as strategic planning manager of Hoechst Celanese in 1995. As a visionary person, he was very positive and insightful in his approach to business, his participation in OLLI classes, and his commitment to a spiritual life. His interests ranged from golf to international travel. John gave himself to others by delivering for Meals on Wheels, educating others on his type of cancer, and sharing his smile and thoughts with his many friends at the Westminster Presbyterian Church Music Club and First Baptist Church Kendrick Sunday School Class – a further demonstration of his eclectic persona.

KAREN MACRAE

Karen Jean Macrae died on November 2, 2011, at age 68. Born in Ohio, she grew up in Pennsylvania and earned a Ph.D. in psychology from the University of Cincinnati. She taught courses in education and psychology at UNC-Greensboro and USC-Upstate, where she was a tenured professor. Known for her piquant sense of humor, she loved tap-dancing and telling jokes. She and her husband John Macrae, who died on Oct. 17, 2011, enjoyed taking OLLI courses. The Team Trivia class will miss her very much.

WENDY LOVIN

An OLLI member since September 2008, Bronwen (Wendy) Lovin died on June 19, 2011 following an outpatient surgery. Wendy retired from the U.S. Army and civil service and settled in Taylors. She attended many different classes, including natural health, computers, and natural gardening. Wendy loved flowers and grew multi-colored irises that covered her back yard. An active member of the Red Hat Society, she had many friends. Wendy was an honest and sincere person who will be missed by OLLI and her friends.
FULIR/OLLI member, Ed Marsh, passed away on December 5, 2011. He was a true Irishman with an outstanding personality. Ed was active on the FULIR Boards, taught cancer classes with Jean Kral, and was the life of the party at Wildacres and Kanuga Retreats. He was a Navy veteran. Few knew that Ed was a poet; here is one of many he wrote: “We are created with an insatiable thirst for knowledge. As we mature often we look but don’t see, listen but don’t hear, think but don’t reason. From the mist of my mind, to the depth of my soul, I see sights never seen and hear voices unknown.” (written at Wildacres, April, 1998).

The Tributes section recognizes departed OLLI classmates, teachers, and staff who have enriched the OLLI program. We invite you to submit your name and contact information, along with a brief notice of up to 125 words (8 or 9 lines) to the Tributes editor (connieirby@charter.net). Please emphasize the relationship of the deceased to OLLI.

HERRING CENTER FOR CONTINUING EDUCATION
December 2 construction progress photo by Bob Howell
MEMBERSHIP COMMITTEE
Barbara Leimsieder

The Membership Committee continues to make new member calls and deliver brochures each term. The group has begun making a checklist of areas that need special attention to make for a smooth and seamless move to the new building.

A special orientation for new members has been designed by Judy Brooks, Kathy Sauvain, and Margaret Menehan. The first one will take place on January 5, at 3:30 in the OLLI building. All new members are cordially invited to attend. After the brief orientation, participants will be escorted to NVJ100 for the Back to OLLI celebration.

Rosalie Anglin is in charge of course evaluations and other member surveys. Carol Groce is monitoring the OLLI web page, and Dea Cox has assumed responsibility for the bulletin boards. Sharon Huecker continues to find class liaisons for classes needing them. Andy Heman is reviewing class drops that occur late-term to learn why some members stop attending classes.

Oversight of the Special Interest Groups (SIGs) has been transferred to the Social Committee. Finding new volunteers and planning volunteer appreciation activities have been transferred to the Volunteer Committee.

The Membership Committee needs more members. If you are interested, please contact Barbara Leimsieder at 864-467-9411 or leimsider@hotmail.com.

WHERE IN FURMAN ARE WE?

This Picture was taken on the Furman campus.
Do you know where? How many hints do you need?
Hints:

1. A short walk from the OLLI building.
2. East of the lake.
3. A quiet area during student breaks.
4. Near Lakeside Housing.

Answer below:

The fountain in front of Judson Hall, part of the Lakeside Housing complex.
The Volunteer Committee became a separate committee in October, 2011 after the Membership and Volunteer Committee decided OLLI would be better served by two separate committees.

The Volunteer Committee is charged with addressing the following areas: volunteer sign-ups, office volunteers, liaisons, council training, and appreciation and recognition of volunteers. The committee will work closely with the staff volunteer coordinator. Ways to showcase and to thank volunteers have been discussed.

**Volunteer sign-up.** A description of the process and procedure was developed. This will be keep as an operating procedure for the future. John Bissell contacted committee chairs asking what was needed and contacted several sign-ups. In the winter term, he will start fresh with the new sign-ups and get them connected with appropriate committees. We will focus on one committee at a time in OLLI Notes to let the membership get a feel for what this committee does and tell them how they can get involved.

**Office Volunteers.** A description of the office process and procedure was reviewed. During a brown bag lunch, it was determined that the greatest needs appear to be gathering and thanking the office volunteers, and to begin brainstorming how the office will be set up in the new building. Barb Rusch will oversee recruiting and training new office volunteers.

**OLLI Council.** It was decided to develop a method for all council members to keep a notebook of all their activities to guide their replacements. A process for bringing in new committee members was also developed. Both of these were presented at the December Council meeting.

**Liaisons.** Several methods of saying “thanks” and asking for suggestions were discussed. We are also planning ways of showing appreciation to Furman, students, faculty, etc. during an appreciation week in the spring.

Early Fall at the Lake
MISCELLANEOUS RAMBLINGS BY THE EDITOR
Gary Aten

The yearly ordeal of leaf cleanup is over for another year. Yea! A couple of you have mentioned how I seem fixated on leaf raking. It’s true. When we moved here from Wyoming we wanted many trees and we got ‘em! We love our trees...BUT. I could promise not to mention leaves again. That won’t happen.

The Herring Center for Continuing Education construction continues on schedule. I want to take credit for my sidewalk supervision, but since I don’t actually talk to the carpenters, masons, equipment operators, and others, I guess that would be a little self-serving and misleading.

World War II Veterans - We Need You! We are preparing a special edition of Gray Matters that will honor the OLLI@Furman members who served in WWII. This was an important time for America, and it should not be forgotten. A few members have shared their stories with us, and, although we have an additional lead, we would like more. If you served in any uniformed service during the war, please consider sharing your story with us. We don’t have any stories of women who participated in the services, or as nurses, ferry pilots, or other duties, and would appreciate including their experiences. Contact information: garyaten@bellsouth.net, 864-294-6371

Please note all the opportunities to get involved as you read the committee reports and articles. OLLI@Furman is becoming known as a leader in the OLLI organization. One of the main reasons for that is the involvement of our members. As important as the full-time staff is, our members truly drive the proverbial bus. The more people involved, the better the decisions for our future will be. You can be part of that process. Speaking of being involved, please send your pictures, poems, articles, etc. for Gray Matters. We know there are creative people out there. Don’t make us come after you.

Thanks to Carole Eisen, Mary Robbins, and Judy Aten for proofreading this edition. They know I need all the help they can muster. Thanks also to our eastern magic consultant, A. May Singh, and our accounting clerk, Imelda Chekhov.
OLLI RESOURCE GRANTS

Overview
The mission of the ReSource Grants is to promote special individual initiatives in the pursuit of lifelong learning for senior adults who are members of the Osher Lifelong Learning Institute (OLLI) at Furman. These grants are intended to enable OLLI members to go beyond their participation in OLLI courses and to provide an incentive for them to pursue individual passions they have been contemplating. Through the generosity of the Bernard Osher Foundation, limited financial support will be available for these personal enrichment educational opportunities.

The definition of resource includes several meanings: As a noun, it is a source of help or ability to find solutions; as a plural noun, it is talent drawn on when necessary or a company’s asset; as a verb, it is used to provide something with monetary or other resources. Each of these definitions adds reason to our offering ReSource grants to the OLLI membership to pursue their lifelong learning passions. OLLI is a resource to you; you are a resource to OLLI.

Grants may be made to those who have been OLLI members for at least two years and will be awarded in amounts not to exceed $2500 per person. The types of expenses funded by the grants might include costs of attending workshops, participating in conferences, publishing or marketing books or other publications, various research materials, and travel required to pursue fields of study.

OLLI members receiving grants will be required to share the results of their work with the OLLI membership within two years of receiving their awards. For example, the grantees might create a new OLLI course or workshop, present a series of readings of their work, or develop a new focus area within OLLI such as a new committee or Special Interest Group. The grantees will also be required to submit evaluations of their experiences with both their projects and their sharing or outreach to the membership.

Grant and Application Requirements
1. Applicants must have been OLLI members for at least two years (not necessarily consecutive).
2. Applicants’ proposed projects must be consistent with OLLI@Furman’s mission and vision.
3. Applications for grants are due March 1 each year and must be submitted in hard copy format. The Grant Committee will meet in March and April to review and recommend awards to Council at its May meeting. The grants will be awarded at the annual Spring Luncheon.
4. Grant funds will be used to reimburse grantees for documented expenses consistent with their approved applications and may not be distributed prospectively. Grants may not be used for debt relief or for purchase of software or media materials that cannot be shared with the membership.
5. The outcome of each applicant’s project must be shared with the membership within two years of the awarding of the grant in a form approved by the Grant Committee.
6. Grantees must submit two written evaluations of their experiences in carrying out their projects, one due upon completion of the project and one upon completion of the sharing of their projects with the membership. If this requirement is not met, the grantee will be expected to return fifty percent of the grant funds received back to the program.
Name ________________________________________________________

E-mail ________________________________________________________
Education: High School (Name & City/State)________________________________
            College (Degree/Certificate & Major)____________________________
            Post-Graduate (Degree/Certificate & Major)________________________
Work Experience: ______________________________________________

_______________________________________________________________

Number of years in OLLI (minimum of 2 years required): ______
Title of Project for which grant is requested: _____________________________
Amount requested from OLLI (not to exceed $2500) ________
Date and Duration of Project: _______________________________________
Brief description of the project:

Describe how you expect to bring your experience back to enrich the OLLI membership. (Must be
within two years of project completion.)

Optional materials, such as brochures discussing or depicting the proposed project, may be
submitted, but are not required.

NOTE: Upon completion of the project, a written report of your activity is required. Receipt of
funding comes with the expectation that you are willing to share your experience and expertise
with the OLLI membership.

Signature of Applicant__________________________________________ Date _________________
In sepia browns and creams, he stands as rigid as the ninety year old photograph glued forever to the worn page of the family album. Geared for conflict in wide-brimmed hat, high-necked khaki jacket, jodhpurs, and knee-high boots, he holds his rifle stiffly at his side and gazes left of the cameraman, the background a maze of mufti tents. It is 1918, and a soldier’s duty is to look fearless when leaving loved ones to go to battle. He must, in this woolen khaki garb surrounded by others similarly dressed, bravely climb the gangplank of the troopship bound for France, his brain roiling with unspoken prayers for safe voyage and speedy return to the country that sends him. He sails to The War to End All Wars ... And only the uniform changes.

FROM THE DIRECTOR
Lucy Woodhouse

December 16th: The OLLI Council met for 2 1/2 hours, covering a multitude of topics and ideas. From start to finish the 20+ members in attendance were fully engaged and active in discussions about the current and future efforts of staff, volunteers, instructors, and members. Some key highlights of the meeting were unanimous approval of the following motions:

1. OLLI’s strategic vision. (See page 6)

2. Allocation of $10,000 towards the OLLI ReSource Grant which will begin being promoted to OLLI members January 3rd in Gray Matters and awarded at the May Spring Luncheon. (Guidelines and application on pages 14 & 15)

3. An increase in instructor honorariums to $100 for full instructors and $50 for assistant instructors to match course costs. Thus: teach one class and get two classes in return.

4. Commitment of $15,000 to the 2012 OLLI/Riley Institute summer lecture series to be held July 17, 24, 31, and August 7, 2012.

5. The need and support of pursuing the hiring of a full time Building Facilitator/Concierge/Manager for the new building.

The actions taken by the OLLI Council members are forward thinking with very positive movements and commitments made to OLLI and Furman. We have really created a true member-led, member-run organization. I am so very proud of our OLLI Council and the incredible membership that we serve!

OLLI classes continue to be well attended. Although some registrations will be processed for the winter session, following are the latest numbers for this year:
