Welcome to the Osher Lifelong Learning Institute at Furman (OLLI @ Furman)

After just one term I can confidently say that the new Herring Center for Continuing Education has surpassed all expectations. Our senior adults have comfortable space to learn, delicious coffee, user friendly teaching stations, convenient parking and a stocked library of best sellers. All of this combines to make for a terrific space to strengthen our growing community of learners. Any day you can walk through the lobby and see bridge players trumping one another, small groups of people sharing lunch and others browsing the magazine and books. We have Latin students taking a movie and photography students sharing their tips during the break. In one day a classroom may be filled with yoga, then Shakespeare sonnets, then mighty military leaders and closing out the day with a look at Islam. Our members have gotten so involved that we continue to add more and different courses each term while raising the quality of instruction. OLLI @ Furman is a place where our senior adult members bring their skills and talents and by merging them together we create this environment of fun, learning, and opportunities. So flip through this course catalog and find a few courses that will get you out of your norm and into a whole new world. We look forward to seeing you at the place where learning never retires!

Lucy

Important Dates for 2013

February 26 ........ Spring Term registration for course package owners
February 28 ........ Spring Term registration for single course purchasers
March 8 ........ Last day of Winter Term classes
March 14 ........ Back to Class Reception
March 18 ........ First day of Spring Term classes
March 29 .......... No class—Good Friday
May 7 ........ Summer Term registration begins
May 10 .......... Last day of Spring Term classes
May 14 .......... Spring Celebration Luncheon
June 3 .......... First day of Summer Term classes
June 28 .......... Last day of Summer Term classes
July 16 .......... Riley/OLLI Summer Lecture Series begins

How to Register
1. ONLINE: Go to www.furman.edu/olli and click on the Registration button. If you are new to OLLI, create a new account. If you have been a member of OLLI in the past, your user name is your firstname.lastname. Type in your user name, and click on Forgot Password to create a new one and access your account.
2. IN PERSON: Go to the OLLI Office on the Furman campus, 3300 Poinsett Highway, Greenville. The OLLI Office is located in the Herring Center for Continuing Education.
3. BY MAIL: Send your completed registration with payment (check made out to Furman University or credit card) to OLLI @ Furman, 3300 Poinsett Highway, Greenville, SC 29613-1511.
4. BY FAX: Fax your completed registration with credit card payment to 864.294.2920.

Membership Fees
To participate in any OLLI course, trip, or event you must first join OLLI @ Furman for the academic year. The cost of $35 pays to cover copies, computer lab, lifeguard, bonus trips, seminars, software, and other incidental fees incurred by the program during the year. Once you have joined, you then have a choice of purchasing individual courses or a package of courses at a much lower per-course cost that can be used over the three terms of academic year 2012–2013.

Individual courses ............... $50
6 courses annually ............... $210

Refund Policy
Term fees are refundable through the end of the second week of classes. After the end of the second week, no refunds will be given. An administrative charge of $10 will apply to any course cancellations. If an entire membership and/or all classes are cancelled, there will be a $25 administrative charge.

Bonus Trip Cancellation Policy
Any cancellations within 48 hours of an event or no shows by members for these special one-day events will be charged $25 by OLLI. The member will not be able to sign up for future events or trips until this fee is paid. In case of emergency or sickness within 48 hours of the event, we ask that the member call to notify the office as soon as possible. The notification procedure allows time for another member on the wait list to be contacted to take your place. Please be fair and considerate to your fellow members.

Annual Membership Benefits
• OLLI members can buy lunch in the Furman faculty dining room, located in the lower level of the student dining hall. We ask that you eat at one of the tables in the alcoves overlooking the lake in the student dining area. Full menus cost around $5.
• Members have access to the Furman University Duke Library during the term and OLLI’s Marvin Book Nook (located in the Herring Center) year round.
• Members may take advantage of special outings, trips, and special events coordinated by the Social Committee.
• OLLI members receive weekly OLLI Notes and the quarterly newsletter, Gray Matters, which keep you updated on all OLLI, Furman, and Greenville-area events.
• Members may use the computer lab when not in use by a class.
• Members receive early notice of course brochures.
• Course package holders may register prior to single course registrants.

**Monday**

**ACM181 Bring Your B & W Drawing to Life!**
Learn to understand what you see when you look at a subject. Also learn to put what you see on paper and develop your own style of black and white drawing that will bring your art to life. A list of supplies will be sent after registration.

*Monday, 9–10:30 a.m., Herring Center, Graham (HC005)*
Gary Ault graduated third in his class from Design, Art and Architecture school at the University of Cincinnati. He started Art by Ault in Greenville to share his talent with the community.

**HFE501 Farmer’s Intermediate Hiking**
Springtime is a wonderful time to go hiking. It is the time of the year when the flora and fauna wake up from their winter dormancy. Wildflowers begin to bloom, and new growth will be evident on most plants. We typically hike five to eight miles on moderate to moderately strenuous trails. Wear hiking boots or sturdy shoes, and dress in layers appropriate for the weather. Bring plenty of water and lunch. Please clear this physical activity with your doctor and sign the consent and release agreement on the registration form. Meet at 9 a.m. in the parking lot to the right of Timmons Arena. We will carpool and share cost of gas.

*Monday, 9 a.m.–4:30 p.m., Herring Center, Parking Lot (rt. of Timmons)*
Experienced hikers, Bill Farmer and Wayne Halli will co-lead this course.

**HFE513 High Country Hikers**
Springtime hiking in the Upstate is truly an opportunity not to be missed. Wildflowers and waterfalls are an added attraction on many of these hikes. We will hike five to eight miles on moderate to moderately strenuous trails. Please clear this physical activity with your doctor and sign the consent and release agreement on the registration form. Meet in the parking lot to the right of Timmons Arena at 9 a.m. Carpool and share the cost of gas.

*Monday, 9 a.m.–4:30 p.m., Herring Center, Parking Lot (rt. of Timmons)*
Bob Howell and Steve Davis both enjoy the outdoors and hiking and will lead this course.

**ACM184 Opera: Drama and Comedy**
This music appreciation course will focus on the opera works of Mozart and Rossini. We will spend most of the class listening to DVD performances of the selected operas. Selections include Mozart’s *Abduction from the Seraglio*, *Don Giovanni*, *Così fan tutte*, and *The Magic Flute* and Rossini’s *La Cenerentola*, *Tancredi*, *L’Italiano in Algeri*, and *Il Turco in Italia*. We will view and discuss Powerpoint presentations that introduce the composer and his works.

*Monday, 9–10:30 a.m., Herring Center, Downstairs Classroom (HC004)*
Ronald Bryson has been an opera lover for over a quarter century. He is passionate about the beauty of opera and strives to impart that same feeling in his students.

**PAH862 Play Ball: All for the Love of Baseball**
This class is for fans who just love anything to do with baseball and for newbies who want to learn more about America’s favorite pastime. Coaches and players will talk about the finer points of the game, strategy, umpiring, and the business of baseball. Meet folks from the Drive and get a private tour of Fluor Field. Class begins March 25 because the instructor will be attending Spring Training the first week; full report will be given!

*Monday, 9–10:30 a.m., Herring Center, Piper (HC111)*
Margaret Clark will facilitate this course. She is a fan of OLLI and of baseball. She is also a season ticket holder for the Greenville Drive, scores all the games, and hates the off-season.

**PHO1600 Spring Fling**
Spring is a great time to photograph downtown Greenville with the eyes of a newcomer. Class days will alternate between “touristing” downtown and sharing your photographs. The class will get feedback from classmates and instructor and create new interpretations with Photoshop. Please bring cameras and a few images to the first class.

*Monday, 9–10:30 a.m., Herring Center, Computer Lab (HC005)*
Bruce Schlein, retired pathologist, has been taking and exhibiting photographs since 1959 and has taught at OLLI and the Greenville County Museum Art School.

**LNT719 Beginning Chinese and More II**
By emphasizing daily life dialogs, this class will continue an introduction to basic Chinese and will explore Chinese history and culture. Beginners are welcome. Note that fee will be more for beginners.

*Materials fee: $15 (due to instructor at first class).*

*Monday, 10:45 a.m.–12:15 p.m., University Center, 303, 225 S. Pleasantburg Dr.*
Mei Li Trapasso was born and raised in China where she majored in both Chinese and English. She teaches English to Chinese people and Chinese to Westerners. Promoting the Chinese language in a fun way is her passion.
PHO1601  Beginning Digital Photography
We will learn how to use and care for our point and shoot and SLR cameras, their basic controls, capabilities, and limitations. We will explore photography techniques, with particular attention to focus, lighting, and exposure to get good results with minimal editing. We will review photo management, reproduction, and editing options. Bring your camera to each class with charged batteries, a memory card, and the instruction manual. Basic computer skills are required.
Monday, 10:45 a.m.–12:15 p.m., Herring Center, Huff (HC105)

Gordon Dohm has been interested in photography for a number of years and has been involved with OLLI photography programs and classes for three years. Mike Wolfhard has been taking photos for years, digital photos for six. He manages and edits photos on his computer, likes to share what he has learned, and enjoys learning from his classes.

PAH836  Easy Knitting Stitches and Methods
Learn lots of easy knitting stitches and methods to make your finished item look more professional. The instructor will provide several great patterns, or you may bring your own.
Monday, 10:45 a.m.–12:15 p.m., Herring Center, President’s Conference (HC103)

Lucy Strausbaugh has been knitting for over fifty years. She is a member of the South Carolina Knitting Guild and teaches throughout the Upstate.

PAH807  Let’s Play Word Games
Give your brain a fun workout! Come play word games like Scrabble, Upwords, Quiddler, Trivirsity and others in small groups.
Monday, 10:45 a.m.–12:15 p.m., Herring Center, Small Arts/Crafts (HC113)

Sally Adkins is a retired English teacher and a lifelong word-lover. She is a former president of Kentucky State Poetry Society, a chair for state poetry contests, and a contest judge.

BEF204  Portfolio Management and Financial Planning for Retirees
You will learn how to build an investment portfolio that can outperform the U.S. stock market while taking substantially less risk. You will also learn sixteen financial strategies that can significantly increase your retirement income. Please note: This course is not designed for beginners; students should have a working knowledge of investing and personal finance. Materials fee: $20 (due to instructor at first class).
Monday, 10:45 a.m.–12:15 p.m., Herring Center, Downstairs Classroom (HC004)

Dant Goeeper is a partner with Goepper Burkhardt McGrew, LLC, a wealth counseling firm with locations in Greenville and Atlanta. Over the past forty years, Dant has taught over 500 classes on behalf of colleges, universities and non-profit organizations. Bland Burkhardt will assist with this course.

ACM109  The History of Rock and Roll
We will examine the roots and the history of Rock and Roll music—from its antecedents in blues, folk and country and western music, to Elvis, the folk era, to the Beatles and the British Invasion, to the hard rock/psychedelic era, to Southern rock. We will listen to musical samples and view concert video.
No musical ability is necessary.
Monday, 10:45 a.m.–12:15 p.m., Herring Center, Piper (HC111)

Charles Blakely is a “child of the 1960s.” He is a graduate of Erskine College, Union Theological Seminary in V.A., and Duquesnes University. He has taught at USC and Presbyterian College.

BEF204  Portfolio Management and Financial Planning for Retirees
You will learn how to build an investment portfolio that can outperform the U.S. stock market while taking substantially less risk. You will also learn sixteen financial strategies that can significantly increase your retirement income. Please note: This course is not designed for beginners; students should have a working knowledge of investing and personal finance. Materials fee: $20 (due to instructor at first class).
Monday, 10:45 a.m.–12:15 p.m., Herring Center, Downstairs Classroom (HC004)

Dant Goeper is a partner with Goepper Burkhardt McGrew, LLC, a wealth counseling firm with locations in Greenville and Atlanta. Over the past forty years, Dant has taught over 500 classes on behalf of colleges, universities and non-profit organizations. Bland Burkhardt will assist with this course.

LNT764  French III Continued
Continue improving your French language skills through listening, speaking, writing, building sentences, and reading the language. Prerequisite: French III.
Monday, 1:30–3 p.m., Herring Center, Piper (HC111)

Roger Miel was raised in France and was educated as an engineer. He received his bachelor’s degree in business in the United States. He taught mechanical design in Canada and the United States.

ACM161  Intermediate Watercolor
Together we will work to advance our skills and techniques with paintings that can be done in about two sessions. Learn wet on wet and wet on dry paper by applying pigment directly to the painting without pre-mixing on a palette. Rich, bright and fresh paintings will result.
Monday, 1:30–4 p.m., Herring Center, Graham (HC005)

Ron Gillen is well known for his rich watercolors over a range of subjects including architecture, landscapes, and portraits. His studio is at Art Crossing in Greenville, and he has taught watercolor at Furman and at Senior Action.
RPH913 Laws of Nature and Nature’s God’s God
Study the Declaration of Independence and its influence upon science and religion in the new nation. We will examine the Scottish and English Enlightenments, the concept of divine providence, and the lives and writings of Joseph Priestley, Thomas Paine, George Washington, John Adams, Thomas Jefferson, and other scholars of the era. There will be ample discussion time.
Monday, 1:30–3 p.m., Herring Center, Huff (HC105)
Ben Godfrey is a retired educator, philosopher, and author.

HFE511 Yoga
Yoga can act as an energy prescription to enrich your life. Spend a mini-vacation relaxing the mind and restoring the body's energy. Yoga class will combine movement with alignment, strengthening and toning muscles, and releasing tightness. Our yoga practice is about linking the breath with the pose and building core aliveness as we release resistance and layers of tension. No prior knowledge of yoga is required. Wear comfortable clothing and bring a yoga mat.
Monday, 1:30–3 p.m., Herring Center, Crabtree (HC110)
Kristi Ried-Barton is a registered yoga trainer, yogic life coach, and owner of It’s Yoga! Studio. She teaches classes, gives private sessions, provides teacher training, and conducts workshops. A teacher since 1979, her classes are known for their detailed instruction, inspiration and nurturing compassion.

2 for 1

ACM120 Let’s Read and Talk
Join our book group for an open discussion of a different book each class session. Be ready to contribute your comments and thoughts by reading ahead of class meetings.
March 19: Let the Great World Spin by Colum McCann; April 2: Never Let Me Go by Kazuo Ishiguro. Class members will select the remaining two books, so bring your suggestions to the first session. This course will meet every other week beginning March 19.
Tuesday, 9–10:30 a.m., Herring Center, President’s Conference (HC103), $25
Susan Recknagel, OLLI member, will be the class moderator.

ACM121 A Short Stop at a Big Idea
This class alternates with Let’s Read and Talk on Tuesdays at 9. It is primarily a discussion class with topics ranging from science to music to art to literature. Usually a video is shown as a basis for discussion. This course meets every other week beginning March 26.
Tuesday, 9–10:30 a.m., Herring Center, Huff (HC105)
Dave Gallemore is a Greenville native and graduate of Furman. An educator for 31 years, he has been an OLLI student for 10 years.

SNM1028 Astronomy and Space: 1st Half Century II
Humanity has been in space for more than half a century. Here's an opportunity to get in on the exciting missions that you may have missed earlier. This term we will look at the robotic missions to the outer solar system and see how our knowledge thereof has vastly expanded. We'll see slides, movies and hear the words of the actual participants. You'll also have time for questions of interest and discussion. Come and explore our space faring future.
Tuesday, 9–10:30 a.m., Herring Center, Downstairs Classroom (HC004)
Val Satko has taught Astronomy for six years within the OLLI @ Furman program. This term he will continue our excursion into the realm of the infinite.

PAH878 Dogs, Cats, and Other Critters
Eight different speakers will address interesting animal topics including therapy dogs, common problems in pets, show dogs, greyhound racing, service animals, rescue groups, and more. A few animals will pay visits to the class to demonstrate certain topics. This is a great class for pet owners with questions!
Tuesday, 9–10:30 a.m., Herring Center, Crabtree (HC110)
Jann Howell coordinated this course and will have a different speaker each week.

Register online at www.furman.edu/olli
CEO406  Great Decisions 2013
A REPEAT of Winter 2013 topics, this class will discuss world issues including the future of the Euro, Egypt, NATO, Myanmar and Southeast Asia, humanitarian intervention, Iran, China in Africa, and threat assessment. Students will use the Great Decisions discussion book ($22 to be paid when picked up at OLLI office. Make check payable to Furman University), a DVD from the independent Foreign Policy Association and other current resources. NOTE: this is REPEAT of Winter 2013 topics.

Tuesday, 9–10:30 a.m., Herring Center, Piper (HC111)
Sherm Rounsville has led several OLLI courses, including Great Books discussions; Fossil Fuels; Guns, Germs, and Steel; and Great Decisions since 2008.

CPT342  The Internet—Your Friend
Discover how the Internet can greatly enrich and simplify your life. Computer users with some experience will become comfortable surfing the web, learning how to find exactly what they are looking for, using banking sites, and discovering other helpful information including eBay, WebMD, shopping sites, and YouTube. Get up-to-date online weather and news and check up with your friends! We will also cover email, instructions for safe internet surfing, basic computer safeguards, and how to download free, reliable programs, including anti-virus and spam protection software. Bring a USB drive to class.

Tuesday, 9–10:30 a.m., Herring Center, Computer Lab (HC104)
Tom Oviatt is a recently retired IT professional with thirteen years experience in networking, computer set-up, training, help desk, software installation, and troubleshooting in a publishing environment.

PAH868  Birding, Butterflying & Nature Photography
This is a beginners/intermediate field class with an emphasis on discovering and appreciating Furman campus birds and butterflies. Walking shoes, the ability to walk for ninety minutes, and binoculars are required. Class will be outdoors except for rain. We expect to see and identify many of the Upstate's winter visiting birds, permanent residents, as well as spring migrants and spring butterflies.

Tuesday, 10:45 a.m.–12:15 p.m., Herring Center, Seminar (HC102)
Doug Allen has been involved in environmental education, birding, and nature photography for many decades. Judith Allen will assist with this course.

HFE550  Training for the Senior Olympics: Racewalking and Track & Field Events
Seventy-two-year-old coach/athlete Doug Allen invites OLLI athletes and would-be athletes to get individual instruction and coaching in Senior Olympic events—race walking (less stressful for older bodies than running), the sprints, standing and running long jump, the discus, shot, and javelin throwing. Athletes will have the opportunity to participate in the Greater Greenville Senior Games in April. Medical permission is required. Classes meet at the Furman track, rain or shine.

Tuesday, 9–10:30 a.m., Furman Track
Doug Allen has coached cross country, cross country skiing, and track and field, including race walk and discus, in high school and college. He has run forty-eight marathons and medaled in race walking and track and field events.

ACM164  No More Excuses: Write Your Family History by June
We all are interested in our family history and are curious about the people who made us who we are today. However, we are often overwhelmed by this daunting biographical and historical task. The hardest step is the first one, and in this writing class we will prepare a "quick and dirty" draft of a family history over the eight weeks of this term. Working backward from the present, we will prepare, as gifts for our families, a publishable overview of a nontraditional document, including photos, recipes, copies of important documents, and first-person accounts to serve as a foundation for an edited and expanded work to follow. We will identify resources, have weekly “homework,” share aloud where appropriate, and learn from each other. Recommended text: Bird by Bird by Anne Lamott. Optional brown-bag writing lab to follow as desired.

Tuesday, 10:45 a.m.–12:15 p.m., Herring Center, Piper (HC111)
Judith Babb Chandler-Huse, lifelong educator and long-time OLLI instructor, is an active community volunteer and outsider artist. She has developed this new class as a motivation to finally write her own family's history.
CEO408 Team Trivia
This fun class with a competitive atmosphere is based on the popular board game Trivial Pursuit. We will play by oral participation rather than playing on the board. We will follow the traditional categories, so come stretch your brain and help your team.
Tuesday, 10:45 a.m.–12:15 p.m., Herring Center, Small Arts/Crafts (HC113)
Nancy Moore will facilitate this course.

HIS645 History of Britain
This is the final installment in a complete survey of British history. The course begins with Britain at the beginning of World War II and concludes with the conservative government under Prime Minister David Cameron.
Tuesday, 1:30–3 p.m., Herring Center, Crabtree (HC110)
Jeff Willis is the professor of history emeritus at Converse College, where he now serves as Director of Archives and Special Collections.

BEF255 Income Planning Strategies for Retiring Boomers
Students will learn the basics of retirement income planning. Topics include why spending your money is more difficult than saving it; how to safely take retirement income despite uncertain markets; the unique catastrophic risk that early retirees face; three approaches to taking income from savings; how to increase your social security income, and many more.
Tuesday, 1:30–3 p.m., Herring Center, Piper (HC111)
Neal Angel serves as a financial planner and investment advisor with AngelRoyce Wealth Advisors. He has advised thousands of families as a speaker on current retirement issues, as well as a guest columnist for Prime Years. Neal has spoken to many groups on strategies for maximizing income while preserving financial assets in retirement.

CEO450 There Is no Place Like HOME
“Downsize,” “right-size,” “age-in-place”—no matter what you call it, preparing to remain home for as long as possible is the desire of 90% of retired Americans. Come and enjoy our expert panelists as we look at the legal, real estate, financial and healthcare aspects of remaining in your home. Session topics will include remodel, renovate or relocate; prevent relocation stress syndrome; remain safe and independent; and get your “house” in order.
Tuesday, 1:30–3 p.m., Herman W. Lay Physical Activities Center, Downstairs Classroom (HC004)
Amanda Stilwell is a certified senior advisor with Interim HealthCare and is a passionate advocate for seniors to remain safe and independent in their homes. John Moore will assist with this course.

HFE555 ALIVE—Active Learning, InVigorating Exercise
Let the fitness experts help you learn to use the Furman Fitness Center equipment correctly and develop an effective workout routine. The class will show you how to set up a comprehensive workout to increase your strength, endurance, and flexibility. The class emphasizes functional fitness for all participants. A week prior to class, you must submit to the OLLI Office a completed PAC health form. The form can be obtained from the OLLI website under Current Members/Forms.
Tuesday and Thursday, 1:30–2:30 p.m., Herman W. Lay Physical Activities Center, 116
Mickey McCauley is a certified personal trainer by the American Council on Exercise, American College of Sports Medicine, and a fitness specialist with the Furman Fitness Center.

HFE515 Aquacize
Aquacize is a combination of aerobics, strength training, toning, flexibility, and cardio routines using the resistance of the water for physical improvement and the buoyancy of the water to alleviate strain on muscles, bones, and joints. The ability to swim is not a requirement, and we do not put our faces in the water. The co-instructors lead exercises while in the water, and a lifeguard watches over the class from poolside. Water temperature is around 80 degrees. You must complete a PAC health form that can be obtained from the OLLI website under Current Members/Forms and turn in to your instructors at the first class.
Tuesday and Thursday, 2–3 p.m., Herman W. Lay Physical Activities Center, Pool Carole Eisen and Gladys Spiak are long-time OLLI members and have been participating in Aquacize for years.

PPS1320 Psychology 101 for the Aging Adult
The field of psychology has experienced major breakthroughs in knowledge since your Psych 101 class in college. We now have a much greater understanding of why we behave the way we do, what motivates us, how to be happier and more loving, ways to improve our relationships, how to feel better about ourselves and others, methods for developing meaning and purpose in our lives, and how we might grow to achieve our unique potential in the world. This class will blow your mind with all that you never learned in school—neuropsychology, evolutionary psychology, positive psychology, developmental psychology, and transpersonal psychology. We will discuss the expansion of consciousness and multiple intelligences, psycho-spiritual development, self-actualization and enlightenment, and more. Join us for this multi-media, fun, and interactive look at why we are the way we are.

Tuesday, 1:30–3 p.m., Herring Center, Downstairs Classroom (HC004)
Dudley Tower, Ph.D., has been teaching at OLLI for the past nine years with an emphasis on the positive aging process and adult psychological development.

ACM176 Singing for “Non-Singers”
Have you always wanted to sing but did not think you could? Has it been a long time since you sang in a chorus? Do you want to improve your singing? This class is designed for you. We will use fun posture and breathing exercises, simple vocalizes and familiar songs all aimed at healthy, joyful singing.

Tuesday, 1:30–3 p.m., Herring Center, Huff (HC105)
Gloria Larkin has a degree in voice from Northwestern University and has sung in numerous choirs. She has directed K-12 church choirs and likes to share the joy of singing. Gloria is now particularly interested in issues of aging voices. Jann Howell will assist with this course.

HFE517 T’ai Chi for Seniors
The slow, gentle movements of Qigong and T’ai Chi are easy to learn and suitable for every age and physical condition. They can be practiced standing or sitting and can be adapted to suit the student’s needs. With regular practice, they improve balance, circulation, flexibility, and coordination. By balancing and increasing the body’s vital energy, called chi, they promote inner peace and serenity and create a sense of well-being. This course repeats material from T’ai Chi Chih and incorporates new Qigong breathing techniques, self-massage, and meditation.

Tuesday, 1:30 p.m.–3 p.m., The Woodlands, Camellia
Judith Ziemer has taught aerobic fitness since 1982 and T’ai Chi to seniors since 2000 in San Diego, California, Biloxi, Mississippi, and eight terms for OLLI.

HIS627 Appalachian History: Post Civil War to the Present
Appalachia evokes many images—beauty, serenity, landscape, humor, values, and great literature on the one hand, and poverty, violence, ignorance and destruction on the other. The region’s history from the beauty of an Appalachian forest to the demise of the American Chestnut to feudists such as the Hatfield and McCoys and to Appalachia as a mineral colony. This class will explore the real history in contrast to stereotypical Appalachia found in the local-colorist school of literature beginning after the Civil War.

Tuesday, 3:15–4:45 p.m., Herring Center, Piper (HC111)
Scott Withrow grew up in western North Carolina in the shadow of the Appalachians. His career in education includes teaching at high school and universities and experience in living history. Semi-retired, Scott has taught Appalachian history for over ten years. His two great interests are natural and cultural history and Appalachian history.

PHO1602 CS6 II—The Next Steps
Photographers who are familiar with the basic uses of Camera Raw and Photoshop CS5/6 will learn how to use many additional features and options for post processing their images. These will include more practical uses of layers and masks, gradient maps, blur filters, photographic filters, layer styles, blend modes, HDR (High Dynamic Range), panoramics, etc. Stock images as well as class member photos will be used for demonstration and hands-on practice.

Tuesday, 3:15–4:45 p.m., Herring Center, Computer Lab (HC104)
Gordon Magee is recently retired after forty-one years as a business leader. He currently enjoys nature and landscape photography and the friendship of OLLI.

HFE528 Stress Management Skills
Learn to manage your response to stress. Our goals are reducing anxiety, increasing relaxation, promoting a sense of well-being and self-care, transforming depression, and managing pain. We will use various techniques that include deep breathing to promote relaxation, guided imagery, biofeedback, autogenics, movement techniques to release tension and the exploration of emotions through writing and drawing.

Tuesday, 3:15–4:45 p.m., Herring Center, Huff (HC105)
Robbie Allen, retired teacher, has forty-two years experience in teaching and a master’s degree in education. She has been pursuing her passion of brain science and functioning this past year. Robbie has received initial and advanced training in the area of mind-body medicine from the Center for Mind-Body Medicine in Washington, D.C.
SNM1071  ABC's of DNA
We will look at discoveries leading up to understanding the structure and function of DNA. We will investigate how our body translates DNA structure into protein and what happens if there is a malfunction in the DNA message. Guest lecturers will show us ways genetic research is used in medicine and other fields. No prior knowledge in genetics is needed. However, if you have taken this class at OLLI, you will find it much enhanced with new research.
Wednesday, 9–10:30 a.m., Herring Center, Downstairs Classroom (HC004)
Mary Lou Jones holds two master degrees in teaching science and has a passion for teaching genetics.

HFE566 Intermediate Tennis
After you have completed Tennis for Beginners and are familiar with the rules, scoring, and etiquette, join us to make your game more competitive. We will go into some depth on the combination of grip and body movement and musculature. Come improve your serve, backhand, and forehand strokes.
Wednesday, 9–10:30 a.m., North Village Pavilion, Tennis Courts
Joseph Reid has played tennis for over fifty years and believes that this wonderful game may be enjoyed for a lifetime.

HFE580 Functional Strength Training
Integrated functional training will help combat the effects of our modern sedentary lifestyles which can lead to an increase in chronic disease, dysfunction, low back pain, knee injuries, and other joint injuries. The program is built on the concept that a flexible body with good posture is typically pain free. Using your body weight and a fit ball plus a set of light dumbbells, you will receive instruction and practice in exercises so that you can continue to exercise at home. We will focus on strengthening your core—the muscles from the pelvis to the shoulders. Elements of pilates and yoga with resistance exercises will increase your flexibility and balance in addition to core strength. Participants will need to provide their own yoga mat, fit ball, stretching strap, and dumbbells. Only yoga mat is needed for week 1.
Wednesday, 9–10:30 a.m., Herring Center, Crabtree (HC110)
Ron Bryson, a retiree, keeps himself active with cycling, swimming, yoga, and strength training. He is a NASM certified personal trainer with a specialty in senior fitness and a National Alliance registered yoga teacher.

ACM148 Portraits in Oil
Join us to study the construction of the face and shoulders using oil paints. We will be mixing skin tones. Materials fee: $20 (due to instructor at first class).
Wednesday, 9–10:30 a.m., Herring Center, Small Arts/Crafts (HC113)
Joanne Kennedy’s interest in art began at the age of twelve. She began in fashion illustrating and freelanced for Belk, Meyers Arnold, and many others. Joanne painted portraits in the evenings. She has concentrated primarily on portraits for the last twenty years.

LNT767 Latin 103: Intermediate Latin III
It may be 2013, but nobody says it better than the ancients. Latin 103c continues the exciting tale of Hannibal’s crossing of the Alps and his trip through Italy with readings from Eutropius’s Book III of the Breviarium. We’ll also try our hands at the inscriptional evidence offered in Latin epigraph—the Latin of inscriptions and tombstones—while reading and enjoying the most fascinating language on earth. Join us! Required book: Cambridge Latin Course Unit III 4th Edition (ISBN# 978-0-521-89470-8).
Wednesday, 10:45 a.m.–12:15 p.m., Herring Center, Downstairs Classroom (HC004)
Ginny Anderson formerly taught Latin at Furman and currently teaches seven courses of Latin to adults over fifty on seniorlearn.org.
course descriptions

PPS1330 Self Compassion and Finding Meaning
Self compassion is a basis for enjoying life as well as finding meaning and purpose and self-defined spiritual growth. This course will examine the relationship between building self compassion, finding your real self, identifying meaning and purpose, and growing wellbeing and sacred meaning. It answers such questions as, “What makes me feel so driven?”; “Why can’t I be satisfied with who I am?”; “Why can’t I really enjoy life?”; and “Why can’t I feel the sacred?” Using experiential practices we will widen our skills to achieve new habits for building more vibrant lives. Materials fee: $20 for workbook and cd (due to instructor at first class).

Wednesday, 10:45 a.m.–12:15 p.m., Herring Center, Piper (HC111)
Dianne Greyerbiehl, Ph.D, has four advanced degrees and twenty-five years of experience in helping people find meaning, purpose and well-being incorporating research from brain science and psychology.

PAH845 Soup and . . .
This is a six-week course featuring soup as a main dish. Preparing soup and combining it with a salad, sidedish, or an indulgent dessert makes an easy and welcome entree. Food cost: $5 per session ($30 due to instructor at first class).

Wednesday, 10:45 a.m.–12:15 p.m., Herring Center, Huff (HC105) with Lindemann Kitchen
An enthusiastic cook with a background in nursing and public health, Diana Miel is eager to encourage homecooking that is unique and delicious.

PAH825 Spotlight on Declarer Play
Emphasizing the importance of making a plan before you start, this course will cause you to have a new appreciation for the complexities of playing a hand at bridge. If your thoughts are along the lines of “Let’s draw trumps and see where we are,” this course will assist you in prioritizing your plays toward an end goal; the good declarer plans the play of the entire deal, not just the play of single tricks, one at the time. This course is NOT for beginners. This course will NOT meet on April 17.

Wednesday, 10:45 a.m.–12:15 p.m., Herring Center, Small Arts/Crafts (HC113)
Hugh Hughes is an ACBL Diamond Life Master and is in the top one percent of master point holders for that organization. He has one National Championship and two other ACBL-wide tournament wins to his credit. He started playing bridge as a Furman student in the late 1960s, and began playing in tournaments at that time. He has taught more than a dozen OLLI courses, all on various bridge topics. Jim Nichols, who is a life master, will assist with this course.

HIS664 The Border War: Nasty Business in Missouri & Kansas
While epic and well-publicized battles were being fought east of the Mississippi, a dirty little conflict had been going on for five years on the western frontier that few know about and fewer understand. We’ll uncover the terrible cruelties and atrocities that Americans on both sides visited upon each other in the neighboring states. Learn about “Bleeding Kansas,” the Lawrence Massacre, Quantrill’s Raiders, and Kansas “Red Legs”. Meet “Bloody Bill” Anderson, Jim Lane, the famous John Brown, “Wild Bill” Hickok and many others. Get the true story of the James Gang and the Younger Brothers. No “moonlight and magnolias” and no big battles in this gritty tale of our Civil War.

Wednesday, 10:45 a.m.–12:15 p.m., Herring Center, Small Arts/Crafts (HC113)
Hugh Hughes is an ACBL Diamond Life Master and is in the top one percent of master point holders for that organization. He has one National Championship and two other ACBL-wide tournament wins to his credit. He started playing bridge as a Furman student in the late 1960s, and began playing in tournaments at that time. He has taught more than a dozen OLLI courses, all on various bridge topics. Jim Nichols, who is a life master, will assist with this course.

ACM156 Toot Your Own Horn—Really!
Have a blast in this class, where you will not only learn about how musical instruments work, but will also be able to try them out for yourself. Blow on the oboe or boom on the bass drum in a hands-on experience you will never forget. You will also come away with knowledge of musical scores: What do all those lines and squiggles mean, anyway? Feel a new depth of understanding next time you attend the symphony.

Wednesday, 10:45 a.m.–12:15 p.m., Herring Center, Graham (HC005)
Jann Howell has a M.M. in music and was a public school music teacher (band, orchestra and elementary music) for twenty-eight years. She has played in SCPO, GSO, Long Bay, and Florence orchestras. She has been a church music director for forty years.

PAH838 Quilting by Hand
Learn the basics of quilting by hand. You can be as creative as you wish by piecing and assembling cotton fabrics of different colors (solids and prints) cut into various shapes to make a pattern. A list of supplies will be sent after registration.

Wednesday, 1–3 p.m., Herring Center, President’s Conference (HC103)
Simonne Lindemann has been quilting by hand for pleasure for over thirty-five years and teaching for eleven.
### Wednesday

#### BEF245 Estate Planning and Elder Law
This basic level course will survey the current legal techniques for controlling property while you are alive, provide for your loved-ones and yourself if you become disabled, and give what you have, to whom you want, the way you want and when you want while minimizing the impact of taxes, professional fees, and court costs. Wednesday, 1:30–3 p.m., Herring Center, Huff (HC105)

Steve Shaw’s primary focus of practice is estate planning. He is a member of WealthCounsel, the nation’s premier estate planning practice community and has counseled thousands of individuals and families in his fifteen years as an attorney.

#### LNT712 Latin 101: Beginning Latin III
Beginning Latin 101c ends on a triumphant note as we read in Latin about the eruption of Vesuvius from the point of view of those who experienced it. On the way we’ll debate the influence of the Greeks and Romans on our current civilization and study the Roman electoral process (how different is it from our own?) We will try our hands at reading some of the campaign posters still visible on the walls of modern-day Pompeii. This course is filled with eye-openers—you’ll never think of Pompeii the same way again. Join us! Required book: *Cambridge Latin Course Unit I* 4th Edition (ISBN: 978-0-521-00434-3 paperback). Wednesday, 1:30–3 p.m., Herring Center, Downstairs Classroom (HC004)

Ginny Anderson formerly taught Latin at Furman and currently teaches seven courses of Latin to adults over fifty on seniorlearn.org.

#### PAH801 Woodcarving 201
Prerequisite is Woodcarving 101 or having some woodcarving experience. You should be able to maintain sharp tools and have proper safety equipment. New students will choose a project that they would like to work on. Students with unfinished projects will be completing them. Work alongside instructors to improve and expand your carving techniques, and learn how to paint and finish your work. Wood and project blanks will be supplied. Materials Fee: $25 (due to instructor at first class). Wednesday, 1:30–4:30 p.m., Herring Center, Graham (HC005)

Kent Ellison has been carving for eight years and has won numerous awards in competitions. He has been teaching at OLLI and elsewhere for five years.

#### ACM152 Writing Fiction
This class is for beginning or experienced writers and will cover the fine art of writing fiction—how, why, what it is, and what it is not—emphasizing point of view, finding your voice, character development, plot, flow and focus, dialogue, setting, and pacing. You’ll learn to read as a writer, keep a writer’s notebook, and do warm-up exercises. Based on participant readiness, we’ll also discuss techniques for developing stories and novels for publication, finding publishers, or self publishing. This class is not a “writer’s group” where works are shared and critiqued. Required book: *Writing Fiction—the Practical Guide*, by Alexander Steele (ISBN 1-5234-330-6). Wednesday, 3:15–4:45 p.m., Herring Center, Huff (HC105)

William C. Burns, Jr. is an award winning, internationally published, author of fiction, poetry, and theater.

### Thursday

#### RPH915 Church History: The Crusades
Get an overview of the Crusades, including the chief motivators, notable participants, and the historical results. Learn how to compare the Crusades to other historical contexts throughout the history of the Christian church. Thursday, 9–10:30 a.m., Herring Center, Downstairs Classroom (HC004)

Tony Boyce is the pastor of the Mt. Emmanuel Missionary Baptist Church in Greenville, S.C. He received his doctor of ministry in missions from Gardner-Webb University in Boiling Springs, N.C.

#### LNT724 Conversational Spanish and Culture
This course is a continuation of Spanish with an emphasis on speaking. We will read some literature and use current events as a stepping stone to conversation. Grammar will be incorporated on a regular basis. All levels are welcome to improve listening and speaking skills. Thursday, 9–10:30 a.m., Herring Center, Small Arts/Crafts (HC113)

Dora Zepeda was born and grew up in Chihuahua, Mexico. She worked as a paralegal for eight years in Mexico. She moved to Michigan in 1996 and then to Greer in 2008. She currently volunteers at St. Mary Magdalene Catholic Church as a bilingual interviewer and translator for the Hispanic community.

Register online at www.furman.edu/olli
HFE502  Martin’s Intermediate Hiking
Spring hiking with warmer weather, longer days and spring’s bounty of wildflowers. Hike four to seven miles with elevation gain and/or length. Hiking will be moderately strenuous, so please clear this physical activity with your physician before registering, and sign the Consent and Release Agreement. Pack a lunch and water, and wear sturdy footwear. Car pool and share cost of gas. Meet in the parking to the right of Timmons Arena in time to leave by 9 a.m. Thursday, 9 a.m.–4 p.m., Herring Center, Parking Lot (rt. of Timmons) Anne Martin and Jerry Gibbins will lead this hiking group. They have both enjoyed hiking for many years.

PHO1603  Nature and Landscape Photography
We will hike about two to four miles to and from one or two picturesque sites for extended shoots. Bring water, lunch, hiking boots and gear, digital camera and manual, tripod, and spare batteries. Students must be interested in photography, be conversant with their equipment and capable of moderate hiking on uneven trails with some elevation. Capture your vision as we focus on the foliage of our area woodlands. Please clear physical activity with your physician before registering. Meet in the parking lot to the right of Timmons Arena at 9 a.m. to carpool and share the cost of gas. Please sign the consent and release agreement during registration. Thursday, 9 a.m.–3 p.m., Herring Center, Seminar (HC102) Bob Howell and Alan Weinberg both enjoy the outdoors and nature photography. They have taken several landscape photography trips and seminars. They both love to hike and be in nature and share this combination.

ACM179  Pen and Ink Studio
This class is for beginner and continuing art students. Beginners will receive group and individual instruction as well as all the materials to complete two basic projects. Continuing students will work on projects of their own choosing with input and guidance from the instructor or assistants as desired. No experience necessary. Materials fee: $10 for beginners (due to instructor at first class). Thursday, 9 a.m.–noon, Herring Center, Graham (HC005) Gail Jones will facilitate this course. She and several others have taken Pen & Ink from Cantey DuBose and Rory Case. Jeff Lynch will assist with this course.

HIS612  When Commercial Airline Flying Was Fun!
The first fifty years of American Commercial Aviation (1928-1978). Week 1—The Early Years; Week 2—The Manufacturing Pioneers; Week 3—The Airline Pioneers; Week 4—Pan American World Airways; Week 5—The Airline Laws/Acts & Growing Years; Week 6—The War . . . And After; Week 7—The Wonderful Times; and Week 8—The Hard Landings. Sessions will include accompanying videos, memorabilia, and a selection of publications/books that will be available for after-class lending. In addition, a retired airline pilot and stewardess (OLLI members) will address the class. We will interact, share memories, and just have fun. Thursday, 9–10:30 a.m., Herring Center, Piper (HC111) Jeff Holmes is a retired marketing/advertising executive. His two great interests are studying American Commercial Aviation and the Big Bands Era.

HFE522  Wildflowers and Waterfalls—Thursday Crew
This is a hiking experience for those hikers who wish to view and identify the wild flowers along the trails. Where possible, we will stop at a waterfall for lunch. The hiking will be moderate. Appropriate hiking gear and especially boots are recommended. Bring your cameras and wild-flower books. People experienced in wild flower identification are encouraged to join us. Meet in the parking lot to the right of Timmons Arena and be prepared for an all day adventure. Thursday, 9 a.m.–4 p.m., Herring Center, Parking Lot (rt. of Timmons) Joy Eaton has been hiking since the mid-1960s and will lead this course.

SNM1010  Astronomy: From the Beginning
Let’s take an incredible journey through our universe. Recent discoveries have led to many major advancements in astronomy. We will explore the early universe, star formation, black holes, comets, and asteroids. Other topics include our solar system, the electromagnetic spectrum, looking at our night sky, exoplanets, quasars, pulsars, special relativity, and more. A background in astronomy is not necessary as this is a course for beginners. Each session will have time for group discussion.

Thursday, 10:45 a.m.–12:15 p.m., Herring Center, Piper (HC111) Gil Knight is a retired educator from Greenville County Schools and retired from the U.S. Air Force. He studied astronomy at the Professional Institute at M.I.T. Gil is past president of the Roper Mountain Astronomers Club and is active in the astronomy community.
PAHB13 Crochet 101
We will cover the basic stitches, yarn and hook selection, pattern reading, and some decorative stitches. Bring a ball of smooth, light colored acrylic yarn, a G or H hook, and a notebook to class. Handouts will be available.
Thursday, 10:45 a.m.–12:15 p.m., Herring Center, Small Arts/Crafts (HC113)
Alice Ferguson has been crocheting for twenty-five years. She has had a love and involvement with needle arts since childhood.

ACM126 Growing Up in the South
Join our group as we explore stories and memoirs by writers of the modern South and reflect upon universal experiences of coming of age. Regardless of where we grew up, we all have our own stories to compare to those we read and, if we wish, to share with classmates. Required book: Growing Up in the South edited by Suzanne Jones (ISBN#: 0-451-52873-5).
Thursday, 10:45 a.m.–12:15 p.m., Herring Center, Downstairs Classroom (HC004)
Sue Grady taught college English for thirty-four years at Greenville Tech prior to teaching at OLLI.

HIS652 Railroads of Greenville and the Upstate
The course will tell the story of the dream of building railroads to the Upstate, the construction of the five railroads that came to Greenville, and how they grew and eventually declined. The course will also provide less complete histories of other upstate railroads that went to Spartanburg, Laurens, Pendleton, Walhalla, Anderson, and Abbeville. The format will be in the form of eight lectures with some handouts including maps and photographs. There will be opportunities for questions and discussion.
Thursday, 10:45 a.m.–12:15 p.m., Herring Center, Crabtree (HC110)
Robert Bainbridge is retired from Clemson University where he taught City Planning and Historic Preservation. He has done extensive research on railroad history in Colorado and South Carolina.

RPH903 The Hebrew Prophets
Participants in this class will read and discuss the Hebrew prophets, focusing on the historical background, their message and their impact on modern life. This will be an interactive discussion-based class.
Thursday, 10:45 a.m.–12:15 p.m., Herring Center, President’s Conference (HC103)
Fred Leffert is a Greenville physician with a lifelong interest in Jewish Studies.

PAHB55 The Inspired Kitchen
What's for dinner? Take this course and get inspired! Learn time-tested and reliable recipes from people who love to cook. At each class a different teacher will present his or her specialty, so you'll learn to prepare a variety of foods both new and familiar. Classes will include both demonstration and hands-on participation, and you will have the opportunity to taste everything that we prepare. Small class size allows lots of interaction between the students and teacher. Join us for fun and wonderful food! Food cost: $5 per session ($40 due to instructor at first class).
Thursday, 10:45 a.m.–12:15 p.m., Herring Center, Huff (HC105) with Lindemann Kitchen
Maggie Manning and Judy Brooks, course coordinators, enjoy being part of OLLI and are excited about the Lindemann Kitchen. A different teacher each week will present his/her specialty.

PAHB21 Beginning Bridge II: Competitive Bidding
This course is a continuation of Beginning Bridge I. Class begins with a one-day summary of basic notrump and trump bidding. Then we’ll move on to weak 2s and 3s, overcalls, takeout doubles, etc. We’ll give you an idea, and you’ll discuss it with your tablemates to see if it makes sense. Then we’ll practice using the idea, and you’ll try that idea out by playing a bit (and then you’ll have more questions). Laugh a little, learn a little, and find out why there are so many bridgeaholics.

Thursday, 1:30–3:30 p.m., Herring Center, Small Arts/Crafts (HC113)
Ella and Frank Griffin are retired teachers who have enjoyed playing bridge for several years. Their forte is making the information “learner-friendly” and figuring out what’s not making sense to a beginner.

ACM163 Frank Lloyd Wright
In his phenomenal career (1887–1959), architect Frank Lloyd Wright completed over 500 buildings and drew an equal number of unbuilt projects. His legacy includes world-famous designs from Fallingwater to the Guggenheim Museum, plus hundreds of houses in often modest neighborhoods. Greenville has its own Frank Lloyd Wright house off North Main Street. We will investigate Wright’s life, his styles, his innovations, his effect on the architecture of his time and the architecture of our own time. Many of the houses we love and enjoy living in today are the direct result of the innovations of Frank Lloyd Wright. If you do not know his work, you will be amazed. If you do know his work, you will enjoy the chance to revisit many of the buildings you remember and discover some you may not have known existed.
Thursday, 1:30–3 p.m., Herring Center, Crabtree (HC110)
Linda Kelly has taught many courses for OLLI. The Frank Lloyd Wright course is one she has long wanted to teach. Join her in discovering Mr. Wright.

**Mystery Reading Group**
Mystery Readers will discuss both old and new Washington, D.C. mysteries. Each discussion will be led by one of the group’s members. Bring your lunch and join us in the Herring Center, room 111, 12:30–1:15 p.m., on March 28 and then every other Thursday. Contact: Martha Muncrief at Muncrief@wafres.org

**Mystery Reading books for Spring Term:**
- March 28 ..... *Eggsecutive Orders* by Julie Hyzy
- April 11 ..... *Murder Inside the Beltway* by Margaret Truman
- April 25 ..... *Murder at the President’s Door* by Elliott Roosevelt
- May 9 ..... *Kill Alex Cross* by James Patterson

**Rogue Readers**
Rogue Readers Book Club discusses books chosen by the group. Each discussion is led by one of the group’s members. Bring your lunch and join a lively discussion in the Herring Center, room 111, during lunch break (12:30–1:15 p.m.) beginning March 21 and then every other Thursday. Contacts: Sherry Rice at katmamausa@bellsouth.net or MeriKay Pirrone at thepirrones@bellsouth.net

**Rogue Reader books for Spring Term:**
- March 21 ..... *The Chaperone* by Laura Moriarty
- April 4 ..... *The Day The World Came to Town: 9/11 in Gander, Newfoundland* by Jim DeFede
- April 18 ..... *Kitchen House* by Kathleen Grissom
- May 2 ..... *The Photograph* by Penelope Lively
PPS1314 He Said/She Said—Conscious Relationships
In order to age positively, our most intimate friendships and marriages must be reinvented at each stage in the aging process. As retired or nearly-retired adults we can no longer rely on old roles or habitual patterns of behavior to get along with the most important people in our lives. Instead, we must together learn to develop new levels of honesty and awareness, a willingness to let go of our old patterns and cultivate new capacities, how to use difficulties to expand our sense of self and relationship, deepen our ability to connect with others, and commit with our closest companions to the co-creation of a wonderful and meaningful new life chapter. Join Dudley and Chris Tower as they humorously and insightfully explore the process of aging positively through the creation of “Conscious Relationships.” This class will utilize a multi-media “He Said/She Said” format, with lots of time for student discussion.
Thursday, 1:30–3 p.m., Herring Center, Downstairs Classroom (HC004)
Dudley Tower Ph.D. and Chris Tower have been married thirty-eight years and worked together in their own consulting firm. They have developed this interactive method for humorously teaching the positive aging process.

RPH927 The Foundations of Jewish Ethics
We will read and discuss a tractate of the Talmud dealing with ethical behavior and the good life, emphasizing those aspects which influence modern Jewish attitudes.
Thursday, 1:30–3 p.m., Herring Center, President’s Conference (HC103)
Fred Leffert is a Greenville physician with a life-long interest in Jewish Studies.

ACM186 Three Jazz Iconoclasts
A survey of the music of three of jazz’s most iconoclastic composer/bandleaders, pianists Jelly Roll Morton and Thelonious Monk, and bassist (he also played some piano) Charles Mingus. We will listen to their iconic compositions and also watch some film/video clips as well as explore how their music has survived them and been incorporated into the fabric of living jazz today.
Thursday, 1:30–3 p.m., Herring Center, Huff (HC105)
George Kanzler was a staff writer/critic (jazz and pop) for The Star Ledger (NJ) for thirty-three years. He contributes to Jazz Times, Hot House and New York City Jazz Record. He is an honorary lifetime member of the Duke Ellington Society, New York Chapter.

CPT349 Ready to Byte into Apple? (Macintosh Basics)
This class is aimed at people who are new to the Macintosh computer or are thinking about switching to it. We will cover basic Apple computer operations including computer hardware, features of the Mac operating system (Lion), and applications such as Safari (web browser), Pages (word processing), Address Book (contact lists), and Mail (email). The course will include hands-on demonstrations followed by class exercises in a Furman Mac computer lab.
Thursday, 2–3:30 p.m., Riley Hall, 108
Wade Shepherd works in Information Technology Services at Furman, concentrating on scientific computing and instructional technology. He is APPLE hardware and software certified and an instructor in the Mac Basics class for Furman faculty and staff.

HFE527 Chair Dance Aerobics
Achieve the healing benefits of aerobic exercise without ever leaving your chair in this lively class that combines the dance moves and music of your youth. The class is appropriate for all levels, including those who long to dance and exercise but lack the energy for high intensity workouts. It’s ideal for those with balance issues or physical limitations. Work at your own level to improve muscle tone, flexibility, energy, endurance and circulation while increasing your joie de vivre. As with any exercise program, it is advisable to consult your physician prior to beginning this class.
Thursday, 3:15–4:15 p.m., The Herring Center, Crabtree (HC110)
Judith Ziemer has taught Aerobic Fitness since 1981 and T’ai Chi for Seniors for twelve years. She has been dancing since she could stand and plans to keep on dancing for as long as she can stand or sit.

CPT365 Connecting with Family via Social Media
Facebook, Twitter, Instagram, Pinterest… You have probably heard of some of these social media applications that are wildly popular in some segments of the population. They are dismissed by many as being impersonal and a waste of time. However, this course will investigate how these and other social media tools can be used to bring you closer to family and friends and even to increase your productivity. In a world that is becoming more fragmented all the time, social media is a way to maintain and build a sense of community. This course will show how to take full advantage of that community. This will be a seven-week course that will not meet on April 11.
Thursday, 3:15—4:45 p.m., The Herring Center, Computer Lab (HC104)
Kevin Treu is chair of the Furman Computer Science Department. He received his degrees from Allegheny College and the University of Virginia.
HIS635 Glasnost: Pre and Post
This class will include lectures, displays, and discussion regarding USSR before and after “Glasnost.” We will examine social and political conditions in the former USSR and factors contributing to the changes. This course will rely on the instructor’s experiences with Russian intelligentsia: government, education and media. Artifacts will be displayed and video shown from the Glasnost era.
Thursday, 3:15–4:45 p.m., Herring Center, Piper (HC111)
Richard Jensen has been a college professor since 1990. He graduated from Maryville College and Memphis State University. Richard is the author of three books and a former news anchor for TV channels 4 and 7. He has made seven research trips to Russia before and after Glasnost.

HFE503 Dining Around—Ethnic
Join us and dine at never before visited (by other Dining Around courses) ethnic restaurants. Experience German, Greek, Cuban, Mexican, Vietnamese, Japanese, and Moroccan cuisines at locally owned restaurants. Also a talk and tour of the kitchen at most. Location will be emailed to class one week before each class.
Thursday, 5–8 p.m., Meets offsite
Mignon Davis has planned events for fifty to five thousand people and in the process contracted with many restaurant chefs, caterers, etc. She considers herself a “foodies.” She is also curious about many things.

HFE507 Line Dancing
Learn or review older line dances as well as learn new line dances that are fun and not too difficult. The instructor will teach up to four dances each week until it fills up required class time for a good workout appropriate for active seniors.
Thursday, 3:15–4:45 p.m., The Woodlands, Camellia
Loretta Geisler is a zumba instructor with a background in dance and music. She has taught line dancing for four years.

HFE516 Beginning T’ai Chi
Yang Style T’ai Chi emphasizes slow, meditative movements linked to conscious breathing, promoting improved circulation, energy, and flexibility. T’ai Chi is a low impact form of exercise suitable for people of all ages. Since it enhances flexibility, it is most beneficial for those plagued by arthritis and mobility issues. We will perform a series of loosening-up chi gung exercises prior to beginning the form itself.
Friday, 9–10:30 a.m., Herring Center, Crabtree (HC110)
Dave Lipstreu has been a student of kung fu and Yang Style Tai Chi for many years. He has studied continuously under Master Ron Mohr of the Hong Sing School of Kwan Ying Dao system of kung fu.

HFE523 Wildflowers and Waterfalls—Friday Crew
This is a hiking experience for those hikers who wish to view and identify the wildflowers along the trails. Where possible, we will stop at a waterfall for lunch. The hiking will be moderate. Appropriate hiking gear and especially boots are recommended. Bring your cameras and wildflower books. People experienced in wildflower identification are encouraged to join us. Meet in the parking lot to the right of Timmons Arena and be prepared for an all day adventure.
Friday, 9 a.m.–4 p.m., Herring Center, Parking Lot (rt. of Timmons)
Dick Eaton has been hiking since the mid-1960s and will lead this course.

PAH842 Healthy Authentic Chinese Cooking
Learn fundamental Chinese cooking with an emphasis on dishes that are healthy and balanced. Together we will make two or three easy dishes, teaching you how to use Chinese ingredients to cook like a real Chinese chef. Food/material cost: $8 per session ($56 due to instructor at first class).
Friday, 10:45 a.m.–12:15 p.m., Herring Center, Huff (HC105) with Lindemann Kitchen
Mei Li Trapasso was born and raised in China. She had her gourmet journey all over China by working in restaurants, interviewing food experts, writing her own recipes, and writing blogs. Her belief is “Let food be the medicine.” Tony Trapasso will assist with this course.

Note: No class Friday, March 29, due to Good Friday Holiday.
Special Interest Groups

A Special Interest Group (SIG) is a group of OLLI members whose focus is a certain area of interest and social interaction. Several SIGs are already in place, and new SIGs are encouraged to form any time. You do not need to register for SIGs, and there is no fee. For more information about each group, get in touch with the contact person listed. Information about starting a new SIG is available in the OLLI office and on the OLLI website. Questions? Contact Nancy Kennedy at nancy.kennedy2767@furman.edu or 864.294.2979.

The following SIGs are already in place and ready to welcome interested OLLI members:

**Bridge**
The Bridge Group is for players with some experience. More groups may form if there is enough interest.
Contact: Cathy Dwyer at cathd65@aol.com

**Latin**
The Latin SIG will show videos about Roman culture and its legacy today. We will view authoritative BBC and History Channel videos, and laugh at Hollywood movies like Antony & Cleopatra and Spartacus. This group meets on Wednesdays, 12:25–1:25 p.m.; bring your own lunch or snack. All OLLI learners are welcome.
Contact: Michael Kilgore at makilgore@bellsouth.net

**Mah Jongg**
The Mah Jongg SIG is for experienced players who would like to get together weekly to play Mah Jongg.
Contacts: Barb Rusch at rbrusch@bellsouth.net or Cathy Dwyer at cathd65@aol.com

**Meditation Group**
The Meditation Group was begun with the intention to provide a suitable environment for meditation in order to develop the needed skills to be able to maintain peace and happiness in one’s life and all around. Meeting times are set at the beginning of each term.
Contact: Vegesena Prudhvi Raju at vprudhviraju@yahoo.com

**OLLI Consort**
The OLLI Consort offers those who play recorder the opportunity to enjoy the pleasures of ensemble playing, advance their skills, and occasionally perform for others. They meet at the Herring Center and the schedule is set each term by the participants.
Contacts: Sharon Howell at JasminRC@bellsouth.net or Judy Brooks at hykrz@bellsouth.net

**Out and About Singles**
Tired of going it alone to the symphony, the theater, the movies? Want to go bowling, contra dancing, or out to dinner but would rather share the new experience with others? Then join the SIG Out and About Group for Singles and help plan a calendar of fun.
Contact: Susan Cooper at scooper7284@charter.net or Janet Taylor at watersedgehsd@earthlink.net

**Serious Photography**
Serious Photography is for those photographers interested in day trips to photograph nature, landscapes, historical sites, and other interesting venues. All shooting trips will start at the Herring Center parking lot. The group will set a calendar outlining the dates and times shooting will occur.
Contacts: Bill Anderson at billbander@gmail.com or Gordon Magee at gm007m@yahoo.com
### BTE1123 Molecular Gastronomy: The Science of Modern Cooking

Molecular gastronomy is a discipline that seeks to predict and explain the chemical and physical transformations that create a wonderful eating (gastronomical) experience. Practitioners in the field commonly use techniques and equipment borrowed from the science lab to finely control textures and combine flavors in novel ways. Greg Springsteen, an associate professor of chemistry at Furman, will lead this hands-on seminar and will provide an overview of modern gastronomy techniques. We will also apply some contemporary scientific analyses to classical recipes. The seminar has been designed to be accessible to anyone with a desire to learn about the science of food.

**Friday, March 22, 1–2:30 p.m., Herring Center, Graham (005), Limit 25**

*Hosted by John Mioduski.*

### BTE1106 Precision Valve Corporation

Robert Abplanalp, founder of Precision Valve Corporation, invented the modern form of the aerosol valve in the late 1940s. This provided the foundation for the company and its current extensive line of innovative valve products used in thousands of consumer applications. Precision is a global company with locations in more than eighteen countries, including two plants located just across the highway from Furman. This will be an excellent opportunity to learn about something we all use on a daily basis and tend to take for granted.

**Friday, March 22, 10 a.m.–noon, Limit 30**

*Hosted by Jim Smeaton.*

### BTE1124 The Joy of Growing Orchids

“ANYone can grow orchids!” asserts instructor Judy Vick who has been growing orchids for forty years. Her collection has grown from a window sill to a sun porch to a 14’ x 15’ greenhouse. She will give an overview of the many types of orchids, their growing and care requirements, and seasons. No greenhouse required—all you need is just a little knowledge and follow through. The class will observe a Phalaenopsis in bloom and will learn how to grow one. There will be time for questions and answers.

**Friday, March 22, 1:30–3 p.m., Herring Center, Piper (111), Limit 30**

*Hosted by Jeanne Peterson.*

### BTE1127 Cancer Survivorship in 2013

The course will be held at the Center for Integrative Oncology and Survivorship (CIOS) at the Greenville Hospital System Cancer Center. Content will include how to prevent cancer with healthy lifestyle, exercise, nutrition, and stress reduction. Mark O’Rourke, director, will describe the CIOS programs in exercise, nutrition, massage, acupuncture, meditation, and music therapy. Concepts of the Survivorship Care Plan and Treatment Summary will be explained, and we will learn ways to reduce stress and distress. We will take a guided tour of the new CIOS Center and the Cancer Center and enjoy a box lunch provided by the highly recommended hospital cafeteria.

**Friday, April 5, 11 a.m.–noon, Limit 25**

*Hosted by Elaine Brummett.*

### BTE1144 Dark Corner Distillery

South Carolina’s first legal moonshine operation is located on Greenville’s Main Street. See how grains can be turned into an alcoholic beverage; learn the rich history associated with moonshine in Greenville’s “Dark Corner,” and find out how two electrical engineers turned an idea into a thriving new business in less than a year. We will also get to sample their products at the conclusion of the tour. There is a $5.00 fee. The late afternoon class time is perfect for those wishing to find an early dinner at one of downtown’s many restaurants.

**Friday, April 12, 3:30–5 p.m., Limit 25**

*Hosted by George Hammond.*
BTE1109 GE Engines
General Electric was formed in 1892 and currently is one of the world's largest companies. GE Aviation is a world-leading provider of commercial and military jet engines and components as well as avionics, electric power, and mechanical systems for aircraft with an extensive global service network to support these products. The GE Engines facility in Piedmont manufactures jet engine airfoils and turbine blades for the global aircraft market. This facility, opened in 2004, employs the latest equipment and technology. It is currently expanding to meet increasing product demand.

Friday, April 12, 10 a.m.–noon, Limit 30
Hosted by Jim Smeaton.

BTE1112 Greenville's Largest Charitable Non-Profit Organization
Since 1937, Miracle Hill Ministries has impacted the upstate by ensuring homeless men, women, and children receive food and shelter and help to become productive members of society. CEO Reid Lehman will provide an overview of Miracle Hill. Minda Shelton, director of Miracle Hill's Shepherd's Gate facility (women's shelter) will provide an overview of the services offered to women in crises. A former client of Shepherd's Gate will share her story. The event ends with a tour of the Shepherd's Gate facility and lunch on-site, graciously provided by Miracle Hill.

Friday, April 12, 9 a.m.–noon, Limit 30
Hosted by Fay Choban.

BTE1137 Renewable Energy: Wind and Solar Costs
Don Gurney will lead a discussion on renewable energy, primarily solar and wind. He will talk about recent cost facts that are not being addressed by the media and other sources. Bring your recent electric/gas/oil bills. Don will use them to illustrate the costs consumers pay and translate them into cents per kilowatt-hours/Therm. He will project trends for the United States and other countries to inform you of what is really happening and what's on the horizon.

Friday, April 19, 10–11:30 a.m., Herring Center, Downstairs Classroom(004), Limit 25
Hosted by Martin Zgraggen.

BTE1118 The Flight That Prevented a War
Major Rudolf Anderson USAF (deceased), a Greenville High School and Clemson University graduate, played a key role during the October, 1962, showdown that brought the United States and the USSR to the brink of nuclear war. Russia had deployed and installed missiles and bombers in Cuba, ninety miles from the U.S. Major Anderson's flight over Cuba changed the atmosphere and dialogue between Khrushchev and Kennedy from one-upsmanship to mutual respect, resulting in de-escalation. We will meet in Cleveland Park at the jet and memorial to Major Anderson and take an in-depth and result in fasting. We will meet in Cleveland Park at the jet and memorial to Major Anderson and take an in-depth and personal look at Greenville's heroic pilot. Led by Ralph Bates.

Friday, April 19, 9–10:45 a.m., Limit 25
Hosted by George Hammond.

BTE1192 Greenville County Fine Arts Center
A tour of the Greenville County Fine Arts Center will be given by the counselor to give an overview of the music, fine arts, dance and creative writing courses available to Greenville county students. Samples of work will be presented by students.

Friday, April 26, 10–11:30 a.m., Limit 25
Hosted by May Welborn.

BTE1134 Outlining Your Retirement
Financial expert Stephen A. Moss will address a variety of financial topics that many retirees stress about. You will learn steps to ensure retirement regardless of age; strategies for goal setting, tracking, and changing for retirement; on the risks, penalties, and taxes at target retirement ages; how to review or revise a retirement plan; and methods of legacy and estate planning. There will be plenty of time for questions.

Friday, April 19, 1:30–3:30 p.m., 
Herring Center, Graham(005), Limit 24
Hosted by Chris Efner.

BTE1138 The Flight That Prevented a War
Major Rudolf Anderson USAF (deceased), a Greenville High School and Clemson University graduate, played a key role during the October, 1962, showdown that brought the United States and the USSR to the brink of nuclear war. Russia had deployed and installed missiles and bombers in Cuba, ninety miles from the U.S. Major Anderson's flight over Cuba changed the atmosphere and dialogue between Khrushchev and Kennedy from one-upsmanship to mutual respect, resulting in de-escalation. We will meet in Cleveland Park at the jet and memorial to Major Anderson and take an in-depth and personal look at Greenville's heroic pilot. Led by Ralph Bates.

Friday, April 19, 9–10:45 a.m., Limit 25
Hosted by George Hammond.

BTE1139 Biodiesel Conversion—Pickens County Recycling Center
In the summer of 2009, Pickens County began a biodiesel conversion program that turns waste cooking oil into fuel at a custom-built facility located at the county's landfill. The Southeast's first-of-its-kind endeavor—which started out as a $250 experimental project—now produces about 3,000 gallons of biodiesel fuel each month. The present facility required only a modest investment providing us with an excellent opportunity to view some interesting applied chemical engineering benefiting the environment and helping to reduce municipal expenses. Check out the following website to see how it's done: www.upstateforever.org/programsCAW/Biodiesel101_PlantandProcess.pdf

Friday, April 26, 10 a.m.–noon, Limit 30
Hosted by Jim Smeaton.

BTE1130 Shrimp and Grits—THE Dish of the South
Shrimp and grits is the quintessential dish of the South. Southern restaurants are often defined by their shrimp and grits. Chef McPhee of High Cotton will introduce us to the history of shrimp and grits and how it came to define Southern dining. He will facilitate a discussion on the various types of grits and the typical and not-so-typical amendments to shrimp and grits. There are no limits to creativity with this dish. The class will be able to taste and “judge” three different renditions of shrimp and grits. Bring your bib! Materials fee: $10.00

Friday, April 26, 3–4:30 p.m., Limit 25
Hosted by Sonya Hammond.
BTE1176  Understanding Long Term Care (LTC) Insurance
This class will help you understand LTC insurance, whether for you or a loved one. You will learn about new products, underwriting requirements, and how rates and discounts are calculated. Many carriers are discontinuing sales of their LTC products, so new carriers are entering the market offering new product designs, lower rates, and inflation protection and payment options. “Hybrid” products on the market combine life insurance and LTC, offering another option. If you have considered LTC insurance or have never learned about this type of coverage, this class will educate you on all the new options.
Friday, April 26, 9:30–11:30 a.m., Herring Center, Piper(111), Limit 36
Hosted by Jann Howell.

BTE1195 Backstage at Greenville Little Theater
Interested in what goes on behind the scenes at a small community theater? The GLT stages classical drama, comedies, and musicals. Meet the people who are the sparks of this community establishment. We begin in the theater lobby for this interesting tour and lecture about the theater, its history and place among Greenville’s excellent theater offerings. See behind the stage and learn what it takes to put on a production. We conclude with optional lunch next door at the Greenville Library, a full-service café, one of Greenville’s best and friendliest places to grab a quick and healthy lunch.
Friday, May 3, 10:30 a.m.–noon, Limit 20
Hosted by Jeanne Peterson.

BTE1122  Classic Croissants, Mais Oui!
Ah, the croissant—that classic French pastry that melts in your mouth. Come and learn how to make these delicacies from local artisan bakers, trained in the French method. Learn from them how to make this laminated dough that results in the characteristic aromatic layers of rich pastry. It is not a quick process, but so worth the wait! Get the techniques to mix, proof, roll out, and bake the quintessential French croissant in your own kitchen. At the end of the class you will enjoy trying the piping hot croissants and pain au chocolat. Bon appetit! Materials fee: $5
Friday, May 10, 2–4 p.m., Herring Center, Huff with Lindemann Kitchen(105/106), Limit 15
Hosted by Janet Reddy.

BTE1109  ISO Poly
This firm was started in 1992 with a vision to become a significant supplier of flexible plastic packaging film products. The initial investment in the plant and a single extrusion line was $5M. The company expanded rapidly and has been recognized as one of the fastest growing enterprises in South Carolina. The latest expansion announced in June 2012 included startup of a second location located on the West Coast. The operation in Gray Court includes twelve state of the art production lines operating 24/7.
www.isopoly.com/content
Friday, May 10, 10 a.m.–noon, Limit 30
Hosted by Jim Smeaton.

BTE1185  Tour White Oaks Mansion
The home of the president of Furman University, White Oaks, was built in 1957 by Charles and Homozel Daniel. They furnished the stately home, which was modeled after the governor’s palace in Williamsburg, Virginia. The home is graced with an amazing collection of 18th and 19th century European antiques. Upon their deaths, the Daniels bequeathed the house and its contents to Furman. Join us to see this stunning collection of artwork, antique furniture, and ceramics. A brief tour of the gardens is included.
Friday, May 10, 10 a.m.–noon, Limit 25
Hosted by Fay Choban.
Where is the new office located? The OLLI office is located in the Herring Center for Continuing Education on the main level (see page 30). If you enter the building at the front entrance, you will be in the Manly Lobby and our offices will be on your left past the Marvin Book Nook.

How do I register? There are four ways to register for classes. Register online by going to our website www.furman.edu/olli. Register in person at the OLLI Office in the Herring Center, fax your registration form to our office at 294.2920, or mail your completed form to OLLI @ Furman, 3300 Poinsett Highway, Greenville, SC 29613-1511.

What are the physical limitations for the bonus trips and events? Is there a dress code? Many of our bonus trips and events require good physical abilities, especially industrial tours that include extended walking and stairs. For all our tours “casual” dress is the rule unless otherwise noted.

Why didn’t I get into all the classes I wanted? Registrations are processed on a first come-first served basis. Classes are limited in size based on the instructor's preference and classroom space availability.

What is the wait list policy? If you sign up for a class that is full, you will be automatically put on a waiting list. We are limited by classroom sizes, time available to us, instructor comfort levels, and safety. If a class has a long waiting list, the Curriculum Committee works to secure the course for future terms. Please be patient if you are put on a waiting list; many times, we are able to open/move a class to handle the demand.

What if I can’t attend a course for which I signed up? PLEASE let the office know as soon as possible. We have many students anxious to attend our classes and if we have an open spot we would like to see it filled. Please give others a chance to fill your place.

Can my spouse or a friend join me on a Bonus Trip or Event? Yes, but only after he/she joins OLLI for the annual $35 membership fee and registers for the trip or event.

Do you have scholarships available? Yes. If you need financial assistance, please contact Lucy Woodhouse at 864.294.2997.

What is the Hearing Loop? (See page 31) Members can check out headphone sets from the OLLI office prior to their classes held in HC004, HC110 and HC111. These headphone sets will assist those without hearing aids.

CONSENT, GENERAL RELEASE, AND INDEMNITY AGREEMENT
I, the undersigned, hereby make application to Furman University (herein called “Furman”) for the Participant to participate in OLLI @ Furman for the Spring Term 2013. In consideration of the acceptance of such application and permission for the Participant to so participate, and for other valuable considerations, the receipt and sufficiency of which are hereby acknowledged, the undersigned hereby jointly and severally agree to: Release, discharge, exonerate and absolve Furman, its officers, trustees, instructors, employees, agents, representatives, successors and assigns from any and all responsibility for, and agree to indemnify each thereof against and hold them harmless from, any and all obligations, liabilities, claims, demands, costs and expense, including reasonable attorney's fees, arising out of or in any way connected, directly or indirectly, with any of the following: A. Any and all claims of whatever kind and nature for injury, loss, damage, accident, delay, irregularity, or expense arising from the use of any vehicle or service, strikes, war, weather, sickness, quarantine, government restrictions or regulations, or from any act of omission of any common carrier, airline, watercraft, railroad, or bus; B. Any intentional or unintentional injury or damage, whether or not resulting in death, to the Participant or the parents or guardian, whether caused by some third party or third person, or caused in whole or in part by the Participant, whether alone or together or in association with others, to any other person or persons; C. Any intentional or unintentional damage or injury to property, whether personal, real or mixed, owned or used by or in the custody or possession of the Participant, whether caused by some third party or third person, or caused in whole or in part by the Participant, whether alone or together with or in association with others; D. Any financial or other obligation incurred by the Participant during the study or travel program, including without limitation, obligations or liabilities incurred by the Participant in any country in which the study and/or travel program take place; E. The taking, processing, publishing or otherwise using of photographs of the Participant, either alone or in association with others, in any way deemed desirable by Furman in its sole discretion; Furman being hereby granted full permission to so take and use photographs of the Participant. The undersigned Participant does hereby consent and agree not to sue or bring suits or equitable action of any kind against Furman University or any of its officers, trustees, instructors, employees, agents, representatives, successors and assigns for or in any matter covered by the foregoing consent, general release and indemnity agreement. I, the undersigned, hereby certify that I have read the (syllabus, descriptive literature, brochure) for this program and agree without reservation to all the conditions of operation and deportation set forth therein.

Get involved
in our community of learners

OLLI@ Furman is member-led and organized by a volunteer Council, elected by the membership under bylaws adopted by the members. We encourage everyone to be a part of the OLLI community by volunteering in any capacity within the program. Full participation can give you a sense of ownership while you have fun meeting new friends.

Administration and Finance Committee decides on the length of terms, membership fees, expenditure of endowment funds, etc. Meets generally once a term.

Class Liaisons act as a bridge between the instructor, students, and the office staff in a class in which they are currently enrolled. Gives weekly updates from OLLI Notes and general assistance to instructor.

Curriculum Committee seeks competent instructors to teach a well-balanced variety of classes. Subcommittees are based on interest areas from History to Art and Hobbies. Usually meets three to four times a term to plan the courses for the following term.

Faculty Support Committee supports our incredible faculty through mentors, evaluations, and training sessions. Meets a couple of times each term.

Gray Matters is produced four times a year and includes articles and information from the membership and committees. Writers, photographers, and editors always needed!

Instructors are all volunteers with a love of learning and sharing their ideas and life lessons.

Long-Range Planning Committee considers the needs and goals for three, five, and ten years into the future. Meets about once per term.

Membership Committee recruits new members and increases retention of existing members through phone calls, orientations and surveys. Meets monthly during term.

Office Assistant greets people while getting to know a lot about the program and how it works from phone calls to battery replacements. Can work around your schedule.

Social Committee plans our fun times together outside the classroom and is made up of a few who coordinate the many members. Host events all year long.

Volunteer Committee strives to have 100% of the membership involved in some capacity with helping make OLLI run. Meets a couple of times each term.

More information? Go to our website and click on Current OLLI Members, then Get Involved. You can also indicate your interest on your registration form or email nancy.kennedy2767@furman.edu.

Please contact the OLLI office if you have any questions at 864.294.2998.
Three of our classrooms (Piper, Crabtree and the Downstairs Classroom) are equipped with an induction hearing loop system. People who are hearing-impaired use hearing devices to receive broadcast sound, but only after it has traveled from a loudspeaker, reverberated off walls, and gotten mixed with other room noise. Induction loop systems take sound straight from the source and magnetically transmit it into hearing devices. Clear customized sound is delivered directly into the ear. For more information go to hearingloop.org.
Directions to Herring Center
Traveling north on Poinsett Hwy towards Furman University, you come to a stoplight with a Publix on your left. Take the next exit, which has a Timmons Arena & Paladin Stadium Sign, to the RIGHT. TURN LEFT off exit onto Old Buncombe Rd. (follow signs to Timmons Arena & Paladin Stadium). Turn Right at traffic light onto Duncan Chapel Rd. Travel approximately ¾ mile. Turn Right into first Furman University gate. The Herring Center will be on the left.
