Welcome to the Osher Lifelong Learning Institute at Furman (OLLI @ Furman)

When I was in school, I always looked forward to the start of a new school year. Those shiny new notebooks, clean book covers and freshly sharpened pencils fueled my optimism about the fantastic grades I hoped to earn. Then the reality of tests, papers, homework and report cards would set in and suddenly school was not quite as much fun as I had envisioned. But that’s not true here at OLLI, where members come to learn, just for the fun of it. How wonderful it is to try something new and not worry about grades, or take a class in a subject you love and just sit back and soak it all in. I hope you’ll do exactly that—find something that interests you and sign up. Read through this brochure; you’ll see 94 courses representing a variety of subject areas. Our Curriculum Committee has put together a term of courses with something for just about everyone.

And don’t forget the other advantages of your OLLI membership. Enjoy the fun events the Social Committee plans (make sure to look on page 24 to read about an exciting new event on October 3!). Join a Special Interest Group to devote more time to an activity that interests you. Visit one of the book groups or come to a Lunch and Learn. Enjoy Furman’s campus by having lunch in the Dining Hall (just $5 with your OLLI nametag) and checking out books in the Duke Library.

Learning in retirement is different from “regular” school. You’re here because you want to be, and you’re surrounded by other people who are here for the same reason. You can take classes, and then stretch a little further by teaching or volunteering. Along the way, you’ll make some new friends and realize retirement is a lot more interesting and enriching than you ever imagined.

So, welcome back to school. I look forward to seeing you soon!

Special Interest Groups

A Special Interest Group (SIG) is a group of OLLI members whose focus is a certain area of interest and social interaction. Several SIGs are already in place, and new SIGs are encouraged to form at any time. You do not need to register for SIGs, and there is no fee; however, you must be an OLLI member to participate. For more information about each group, get in touch with the contact person listed. Information about starting a new SIG is available in the OLLI Office and on the OLLI website. Questions? Contact Nancy Kennedy at nancy.kennedy2767@furman.edu or 864.294.2979.

The following SIGs are in place and ready to welcome OLLI members:

Bridge
The Bridge Group is for players with some experience. They meet weekly in Manly Lobby at the Herring Center. More groups may form if there is enough interest. Contact Greg Parker at greglois.parker@gmail.com.

Latin
In 2014-15, the Latin SIG hopes to enrich the Latin experience through showings of classic films of fiction and fact and a faculty lecture about Roman life. Latin SIG members have road-tripped to Atlanta’s Carlos Museum, tutored newer students and provided guidance in prepping for the National Latin Exam. Contact Michael Kilgore at makilgore@bellsouth.net.

Mah Jongg
The Mah Jongg SIG is for experienced players who would like to get together weekly to play Mah Jongg. They also welcome those who have recently taken a Mah Jongg class or who are trying to brush up on some “rusty” skills. They currently meet at 1:30 on Wednesdays in Manly Lobby at the Herring Center. Contact Barb Rusch at rbrusch@bellsouth.net or Cathy Dwyer at cathd65@aol.com.

OLLI Consort
The OLLI Consort offers those who play recorder the opportunity to enjoy the pleasures of ensemble playing, advance their skills, and occasionally perform for others. They meet at the Herring Center, and the schedule is set each term by the participants. Contact Sharon Howell at JasminRC@icloud.com or Judy Brooks at hykrz@bellsouth.net.

Out and About Singles
Tired of going it alone to the symphony, the theater, the movies? Want to go bowling, contra dancing, or out to dinner but would rather share the new experience with others? Then join the Out and About Group for Singles and help plan a calendar of fun. Contact Susan Cooper at scooper7284@charter.net.

Serious Photography
Serious Photography is for those photographers interested in day trips to photograph nature, landscapes, historical sites, and other interesting venues. Most shooting trips will start at the Herring Center parking lot. The group sets its calendar as events arise. Contact Ray Roback at rayroback@yahoo.com to have your name and email address put on the notification list.

Swamp Rabbit Knitters
Bring your knitting or other handwork and join this group for knitting and conversation in Manly Lobby at the Herring Center. The group currently meets Wednesday mornings, 10-noon. Contact Geri Stenzel with questions at gersten@bellsouth.net.
Dynamic Aging Program (DAP) Fall 2014

Dynamic aging is the proactive and systemic process of optimizing one's own aging process—utilizing the latest theory and research from multiple scientific disciplines. The Dynamic Aging Program (DAP) is an original program of courses, group work, and assignments that has never been offered before—designed for those individuals who wish to overcome the inevitability of age-related decline (cognitive and physical), find new meaning and purpose, maintain high levels of energy and life satisfaction, and achieve their unique potential in the last third of life. We are looking for an adventurous group of students who are committed to taking a more motivated approach to their own aging process.

The DAP is the means by which a motivated older adult can optimize their own aging process. It is based on dynamic systems theory, which informs us that the most successful aging strategy includes an active and mindful engagement with new ideas, new people, and new ways of doing things. This type of interaction will improve a person’s adaptability to changing life circumstances, cognitive functioning, energy levels, physical and emotional health, self-understanding, the quality of relationships, ability to control stress and pain, mindfulness, and purpose/meaning in life.

DAP Fall 2014—Spring 2015

Each term will present a new set of courses highlighting different aspects of the dynamic aging process. The class will meet from 10:45 a.m. to 3 p.m. on Wednesdays at the Herring Center and consist of one class in the morning and another class in the afternoon. At lunch, students will bring their own food and participate in a group discussion between the two classes. Multiple breaks will be offered throughout the day. The DAP requires that students participate in homework assignments, computer forums, life practices, and the many other learning opportunities offered.

While there is no commitment on the part of students to take the DAP more than one term, the complete course of study will take at least one year. To accommodate students who wish to take the entire course of study, students who register for the DAP in the Fall and attend 75% of the classes will be given priority in the registration process over new students in the Winter and Spring terms—guaranteeing them a spot for the entire year. The cost of the program will be the same as taking two regular OLLI courses per term.

Because of the time commitment involved on the part of the students and the instructor, and the limitation on the number of students who register, only those students who have a basic level of computer skills, and are motivated to do the homework assignments and practice the exercises on their own between class sessions are encouraged to register.

For more information, visit dynamicaginginstitute.com.

Dudley Tower, PhD has been teaching psychology, successful aging, and personal development courses at OLLI for over ten years. He has three masters degrees and a PhD in Human and Organizational Systems. He has developed the DAP from the courses he has taught over the years combined with an in-depth study of the latest research and theory on aging gathered from multiple scientific disciplines.

ACM135  Classical Music 501
Monday, 10:45 a.m.–12:15 p.m., Herring Center, Graham (HC005)
This classical music appreciation class is for you, whether you are already someone who appreciates the finer points of classical music or are just a music lover who enjoys listening. The class will focus on the instructor’s list of the top 15 classical composers. The list grew from the New York Times Music Critic Anthony Tommasini’s top ten classical composers and was enhanced with other musicologists’ bias to produce a pretty rock solid top 15 selection. The music selected for listening and discussion will cover all periods from the baroque (1600–1750) through the modern (1900–2000). Examples of the principal musical forms include chamber music from string quintet to solo piano, symphonic (both orchestra and concerto), opera, lied, oratorio and liturgical. A random listing of the greatest classical composers is: Chopin, Mozart, Handel, Wagner, Verdi, Tchaikovsky, Schumann, Beethoven, Debussy, Mahler, Brahms, Stravinsky, Schubert, Bach and Liszt.

Attend the class and learn their ranking. For those who would like to brush up on their listening skills, the instructor suggests What to Listen for in Music by Aaron Copland.

Ronald Bryson, who has been teaching opera at OLLI since 2013, has been a lover of classical music and opera for over a quarter century. Through his audio-visual presentations, he attempts to impart the same to the class members.

Dan Kappel, OLLI member for 8 years and canal rat since his teens, has been up and down the Erie and Champlain Canals more times than he can count. Throw in canals in Canada and Europe that he has gone out of his way to see, and you are in for a real canal experience.

PAH812 Let Your Taste Buds Travel the Mediterranean

Wednesday, 10:45 a.m.–12:15 p.m., Herring Center, Huff with Lindemann Kitchen (HC105/106)

Mediterranean cuisine is varied and exciting, and good for us! Diana will take you on a culinary tour of the Iberian peninsula, North Africa, the Middle East, Croatia and Greece. This will be a demonstration course, but class members who would like to be involved in the preparation will be handed implements and put to work. Italian cooking has long been a favorite of many.

Barbara Berger comes from an Italian family, steeped in food and has many recipes she would love to share. Though basically Sicilian, the following will be demonstrated during the course: Italian soups; appetizers and how to put together a great antipasto; main course which will include a pasta dish; and Italian desserts. Expect a delicious lunch! Food costs: $8 due to instructor at first class with remainder due at second class.

An enthusiastic cook with a background in nursing and public health, Diana Miel is eager to encourage home cooking that is unique and delicious. Barbara Berger will co-lead the class. Her mother owned and ran an Italian restaurant for many years. Barbara has a very large extended family of aunts and uncles and looks forward to sharing many recipes.

Wednesday, 10:45 a.m.–12:15 p.m., Herring Center, President’s Conference (HC103)

Join us again for a relaxed and supportive class for writers, beginning and experienced alike. Together, we will play with various genres (poetry and prose); odes and obituaries, speeches, one-act plays, movie and play reviews, country love song lyrics, creative nonfiction, fairy tales--basically whatever strikes our fancy. We’ll look at advice from successful writers, examine published models to emulate, share our work voluntarily, and participate in an end-of-class recital. Yes, there is homework and also lots of fun. There is no assigned text, but we have found over time that Anne Lamott and Stephen King provide practical advice.

Judith Babb Chandler-Huse, lifelong educator and long-time OLLI instructor, is an active community volunteer and outsider artist.

**HIS630 The Great Wagon Road: From Philadelphia - South**

**Wednesday, 3:15–4:45 p.m., Herring Center, Crabtree (HC110)**

It was first the Warrior’s Path; later it was known as the Philadelphia Road, the Carolina Road, the Valley Pike, and still other names. We know it most today as the Great Wagon Road. Starting in Philadelphia, it traversed the Valley of Virginia and continued through the Carolinas, linking there with many other roads. Traveled by Native Americans, Scotch-Irish, Palatine Germans and others, it became a major cultural and transportation corridor in the founding years of our nation. It was a road of adventure and scenic beauty, but also one of hardship and danger. This class presents a history of the Great Wagon Road through time—from its inception as the Warrior’s Path to its 20th century counterparts in Virginia Highway 11 and other routes. Along the way, it includes colonial travel, Scotch-Irish and German settlers, Civil War armies, and, finally, the automobile and a changing wayside architecture.

*Scott Withrow has long been interested in historic roads and trails. In 1988, he traveled the modern route of much of the Great Wagon Road, camping and researching along the way. Now, over 25 years later, the road and research is just as fascinating.*

---

The follow-up course, Fiction Writing II, is made up of "writers’ group" sessions where works are shared and critiqued. Where is the office located? The OLLI office is located in the Herring Center for Continuing Education on the main level. If you enter the building at the front entrance, you will be in the Manly Lobby, and our offices will be on your left past the Marvin Book Nook.

What are the physical limitations for the bonus trips and events? Is there a dress code? Many of our bonus trips and events require good physical capabilities, especially industrial tours that include extended walking and stairs. For all our tours “business casual” dress is the rule unless otherwise noted.

Why didn’t I get into all the classes I wanted? Registrations are processed on a first come-first served basis. Classes are limited in size based on the instructor’s preference and classroom space availability.

What is the wait list policy? If you sign up for a class that is full, you will be automatically put on a waiting list. We are limited by classroom sizes, time available to us, instructor comfort levels, and safety. If a class has a long waiting list, the Curriculum Committee works to secure the course for future terms. Please be patient if you are put on a waiting list; many times, we are able to open/move a class to handle the demand.

Can my spouse or a friend join me on a Bonus Trip or event? Yes, but only after he/she joins OLLI for the annual $50 membership fee and registers for the trip or event.

Do you have scholarships available? Yes. If you need financial assistance, please contact Nancy Kennedy at 864.294.2979.

How do I use the Hearing Loop? Members can check out headphone sets from the OLLI office prior to their classes held in HC004, HC110 and HC111. These headphone sets will assist those without hearing aids.

Why do you not accept credit cards via mail or in the office? For Furman’s and your security we request that when paying in the office or by mail that members use check or cash.

Refund Policy
