WHERE THE ULTRA-CURRICULAR BECOME THE ULTRA-READY

OUR STUDENTS ARE THE GO-GETTERS,
THE ULTRA-ACHIEVERS WHO ARE ALWAYS
SEEKING AND STRIVING FOR NEW EXPERIENCES
AND WAYS TO MAKE AN IMPACT.

WE ARE THE FURMAN ADVANTAGE.

THE MALONE CENTER FOR CAREER ENGAGEMENT provides many opportunities for you to engage with students about your hiring needs. In addition to daily engagement options, Furman provides several larger recruiting and special events during the academic year:

- Resume, interview and LinkedIn workshops
- Workshops with student clubs and organizations
- Fall career fair (Opportunity Fair)
- Networking events on and off campus
- Events with Furman alumni and parents
- Furman Engaged (a day highlighting student high impact learning experiences)
EMPLOYER ENGAGEMENT OPPORTUNITIES

Most of Furman's recruiting options are accessible through Handshake (i.e., posting jobs, requesting interview dates, special events, etc.). You may access this online recruiting tool by visiting our career website or furman.joinhandshake.com.

ENGAGEMENT OPTIONS

Job Postings – we’re happy to post all full-time, part-time and seasonal jobs, fellowships, and volunteer opportunities on Handshake. Handshake is not only used by current students, but alumni, too.

Interviews – using the Handshake platform to arrange your interview, we are happy to host you on-campus, virtually, or by phone. We have several interview scheduling templates on Handshake to help you manage candidates or we can customize an interview schedule specific to your needs.

Group Information Sessions – these are perfect for disseminating information about your organization, presenting progress within your industry, and sharing info about your work culture. Sessions are sometimes held in academic departments, with student orgs and clubs, in faculty classes, and we can accommodate most weekday requests at any time.

Information Tabling – we welcome all organizations to reserve a table in our bustling student union for opportunities to speak with students as they travel to and from their campus destinations. This option is available for all organizations and is the only on-campus option for companies seeking part-time or seasonal workers.

Furman Career Treks – we take groups of students to explore professional and career options at leading companies in major cities. These visits may include alumni and expert panels, facility tours, industry talks and human resources presentations. If you’re interested in hosting a Trek, please contact the Malone Center directly to discuss.

Graduate Programs are welcome to take advantage of all of the engagement options listed above. Please utilize Handshake, or contact the Malone Center directly, to schedule your visit.
STUDENTS GRADUATE READY TO PURSUE MEANINGFUL LIVES AND CAREERS.

The Furman Advantage

At Furman, every student is promised an individualized, four-year pathway of engaged learning through research, internships and study away, guided by a team of mentors. With an academic ecosystem that combines classroom learning, real-world experiences and self-discovery, The Furman Advantage pledges every Furman student will emerge ready to launch into careers and lives of meaning.

“Furman graduates don’t just leave with a great education, they leave prepared to be successful in their careers. The Furman Advantage readies students to hit the ground running, equipped with practical skills that enable them to contribute to any organization.”

– Congressman David Trone ’77, Owner and President, Total Wine & More

Furman University partnered with Gallup to survey students, alumni, faculty and staff to measure engagement and our delivery of The Furman Advantage.

Furman surpasses the national average in Gallup’s “Big Six” college experiences:

- “had professors at Furman who cared about me as a person”
- “had at least one professor at Furman who made me excited about learning”
- “had a mentor at Furman who encouraged me to pursue my goals and dreams”
- “had an internship or job that allowed me to apply what I was learning in the classroom”
- “have worked on a project that took a semester or more to complete”
- “were extremely active in extracurricular activities and organizations”

Gallup links these positive experiences to student confidence on jobs and life preparedness.
