# SEX GOES TO SCHOOL

## Sex Ed in the US and Sweden

INFO SESSION 10/7 AT 4 PM, FURMAN 107

What should schools teach about sex? At what age? With what goals? Using what values and assumptions? How do other countries approach sex ed?

Join us as we explore these questions by contrasting sex ed practices and policies in the US and Sweden! After 3 days on campus, we will travel to Stockholm to learn about the Swedish approach to sex ed.

- Hear from experts on gender and sexuality in Sweden
- Visit Swedish lobbying groups, clinics, nonprofits
- Talk with teachers and young adults about their experience with Sweden's sex ed curriculum
- Explore the rich culture of Stockholm and visit Uppsala
