

## Offsite Screening Instructions

Furman University has partnered with Prisma Health to offer a comprehensive approach to assist you in achieving your best health and well-being. This program is an early intervention plan that is designed to help you and your dependents identify areas where you could be at risk for a serious medical condition or to help you manage and control chronic conditions.

**This form is used as an alternative to participation in the on-site wellness screenings.** This allows you to complete the screening with your primary care provider and submit results for credit. **Appointments completed between July 1, 2021 – December 1, 2021 can be accepted for credit.** This screening is a requirement for the 2022 medical premium discount for employees and covered spouses/domestic partners, currently covered on Furman University's Medical plan.
