

Scheduling and Completing Your Online Health Assessment through MyChart

MyChart is a free online patient portal available to all Prisma Health patients. By using MyChart on your computer or mobile device, you can contact your care provider, view test results and immunization records, ask for prescription refills and more.

This sheet provides step-by-step instructions for activating your MyChart account and completing your online health assessment.

- Log in at mychart.prismahealth.org.
If you do not have a Prisma Health MyChart account, go to mychart.prismahealth.org and choose *Sign Up Online*.
 Then choose *Sign Up Directly* to access the online sign-up without an activation code.
 NOTE: If your information is not recognized, please contact Screening Services at 864-797-6631 for assistance.
- Choose Visits, then **Schedule an appointment.**
- You'll be asked, "Tell us why you're coming in". Choose **Annual Screening Visit**
- Choose **your appointment time.**
- Review and edit your **contact information and personal information.**
- For verification of insurance, choose **Do not bill insurance**, and then **This information is correct.** (You may or may not see insurance information at this step. You will not be billed for this service so no need to enter any additional information.)
- Adding a comment is required.** You can add a note that you'd like the screening team to be aware of, such as "*issues with needles*". However, if no specific information is needed "*N/A*" can be used. Screenings are in person only, not available via video or telephone. Choose **Schedule.**
- You will now have the opportunity to fill out your online health assessment (~25 questions) by choosing the **Health Assessment** link in your appointment confirmation.

Want to complete your health assessment later?

- Log in at mychart.prismahealth.org.
- Choose **Menu**, then **Questionnaires** (under *My Record* subheading). Your health assessment will be available to complete. Please note you may have multiple questionnaires available. The questionnaire for your screening is titled **Health Assessment**.

NOTE: Assessments can also be completed via the **MyChart App** which can be downloaded via the App Store or Google Play. The **Questionnaires** option will be listed in the "MENU" icon.
