FURMAN UNIVERSITY – ADMISSIONS PROCESS

The Office of Admissions may consider an array of factors in the admissions review process, with academic performance being a key consideration.

Academic Considerations (average)		Comments
Core Academic GPA:	3.6 – 3.8	The Office of Admissions re-calculates all GPAs to include on core academic courses (Math, Science, Social Science, English, Foreign Language) and will use an unweighted, 4.0 scale when determining core GPA.
SC UGP GPA:	4.6-4.8	
Curriculum Rigor:	<i>Considered within the context of a student's high school.</i>	Every high school is distinct in terms of the types of course offerings made available to students. We encourage students to pursue upper level coursework, whether it is AP, IB, Honors Levels, Dual Enrollment, or other upper level coursework determined at the individual school.
SAT Mid-50%	1270 – 1440	Furman has been test optional since 2011, so it is up to the student to determine whether test scores should be a factor in review.
ACT Mid-50%	29-33	Should students choose to include test scores for review, we will “super score” both the SAT and ACT. This means we will take the best subsection scores if exams have been taken multiple times to determine the highest composite score.
Additional Considerations May Include:		
Extracurricular Involvement	Essay	Letters of Recommendation (not required)
Resume	Honors or Awards	

FURMAN UNIVERSITY – ADMISSIONS PROCESS

Furman Utilizes both the [Common Application](#) and [Coalition Application](#) for review. There is no preference and which platform to use may be a recommendation from the student's school counselor or determined by the other institutions a student may be considering. For more details about our application process, please visit <https://www.furman.edu/admissions-aid/apply/>.
