

Biometric Screenings at Furman in 3 Easy Steps!

1) **Decide if you want the Furman medical premium discount for the following calendar year**

- If a spouse or domestic partner is on your plan and you want to receive the full discount, they will also need to complete a screening

2) **Decide where you'd prefer to have your screening**

- On-site at Prisma / Furman event (\$0 cost)
- On-site at Employee Wellness Center (\$0 cost)
- Off-site at your own PCP (at your own cost; cost varies)
 - If doing your screening off-site you will need the Off-site form and the Health Risk Assessment form (HRA)

3) **Schedule your appointment**

- Appointments must be between July 1 & December 1

For more information go to: <https://www.furman.edu/offices-services/human-resources/benefits/insurance/>
