Crescent One Directions

We will meet at the Crescent Center One space in Greenville (25 Goldsmith Street, Greenville, SC 29609). If you are unfamiliar with the Greenville area here are some detailed directions to the Crescent One Center:

Crescent Center is found immediately off Poinsett Highway at 25 Goldsmith Street, Greenville, SC 29609. (It is about 2 miles from downtown Greenville and about 4 miles from Furman University's campus).

- From Poinsett Highway the Crescent One building is a combined painted gray and exposed red brick and is set into the hill from the highway. If you are coming from Traveler's Rest or past Furman's campus, there is an O'Reilly's Auto Parts on the opposite side of the road from where you will turn right down a hill and you will see a large gravel parking lot is behind the building (please note Google Maps has an outdated image of a large field instead of the lot).

- If you are coming from downtown Greenville, immediately before the Crescent on the opposite side of the street there is the Plug Tire and Brake Shop, a squat red building. You can turn left at this light onto Hammett Street and it will take you to the same parking lot (please note Google Maps has an outdated image of a large field instead of the lot).

Parking is **free** so park where convenient for you. From the parking lot there is a staircase going up the hill to the main building; follow this and enter through the two-sided electronic sliding glass doors. (Please note there are handicapped spaces are available immediately next to the building. To access this parking please use the separate entrance marked 'for delivery' on the hill above the parking lot. This will take you around to those spots.)

There are many classroom spaces inside the Crescent One, so specific instructions on how to access your learning space will be shared at a later time. (For example, on entry the Furman Innovation Lab is to the left and is decorated with the Furman purple and brand.)

If you are ever unclear on where you will be learning, you may ask the Flywheel Coworking staff located at the welcome desk if you have any questions on the space.
