FURMAN IS THAT PLACE,

WHERE EVERY STUDENT IS PROMISED

A FOUR-YEAR PATHWAY OF HIGH-IMPACT

ENGAGED LEARNING THROUGH RESEARCH,

INTERNSHIPS AND STUDY AWAY,

GUIDED BY A TEAM OF MENTORS.

THE ADVANTAGE—A MEANINGFUL LIFE AND CAREER.

**THIS IS THE FURMAN ADVANTAGE.**
THE FURMAN ADVANTAGE

The Furman Advantage guarantees every student an unparalleled education that combines classroom learning with real-world experiences and self-discovery. This integrated four-year pathway, guided by a diverse community of mentors, prepares students for lives of purpose and accelerated career and community impact—demonstrating in concrete terms the value of a Furman education.

CLASSROOM LEARNING
Premier academic programs and teaching are our foundation. In small class sizes, students are taught by renowned faculty, not their assistants.

MENTORING AND ADVISING
For all four years, students have access to a community of advisors and mentors who will answer and ask questions, and help guide them along their path.

ENGAGED LEARNING EXPERIENCES
Students connect work to meaningful experiences, such as research, internships and study away and community engaged learning projects.

INTENTIONAL REFLECTION
Students are encouraged to develop habits of reflection so that they are able to make informed decisions, tell their story, and graduate confident and prepared for life beyond college.

FULFILLING OUR PROMISE
These aren’t empty promises. Along the way, we carefully track and meticulously assess student, academic and advising successes.

Furman has partnered with Gallup to study the impact of our undergraduate experience and measure the effectiveness of our signature approach to education, thanks to a $2.5 million grant from The Duke Endowment.

PREMIER LIBERAL ARTS AND SCIENCES UNIVERSITY
Founded in 1826, Furman University offers rigorous academics, broad research opportunities, a robust visual and performing arts program, and NCAA Division I athletics. Students live and learn on a campus that is internationally recognized for its traditional beauty and modern facilities. At the heart of the university’s academic experience is The Furman Advantage.

The Furman Advantage is supported by $50 million in grants from The Duke Endowment.
CENTERS OF IMPACT
Our strong network of leading centers and institutes brings together students, community members, faculty, alumni and staff to explore and tackle important issues.

If graduates strongly agree that they were “emotionally supported” during college, the odds that they are engaged in their work and thriving in their overall well-being double.
–GALLUP

Graduates who had “experiential and deep learning” have a higher likelihood of being engaged in their work, and more are thriving.
