Try It Out

1. Sign into MyChart.
2. Find the **Health** tab and click **Questionnaires**. *Note: if you are using the MyChart App, just tap the "Questionnaires" icon.*

The screenshot shows the MyChart home page. At the top, there are navigation tabs: Health, Visits, Messaging, Billing, Resources, and Profile. A purple arrow points from the 'Health' tab to a dropdown menu. In this menu, the 'Questionnaires' option is highlighted, and a purple callout box with the text 'Access your questionnaires' points to it. Below the navigation, there are sections for 'Welcome!', 'To Do', and 'Overdue health reminders'.

3. On the Questionnaires page, under *Optional Questionnaires*, click or tap the **Furman Immunization and TB Screening Record**.
4. Complete your immunization and TB screening history providing all required information. Some questions may require you to upload a scanned document. Depending on your answers, you may be prompted for additional information.

This screenshot shows a portion of the immunization questionnaire. It includes a legend: '* Indicates a required field.' The form asks for M.M.R. (Measles, Mumps, Rubella) dates. Two doses are listed: Dose #1 (01/20/2002) and Dose #2 (03/15/2002). A purple callout box points to the date fields with the text 'Dates can be free-typed or selected from the calendar'. To the right, there is a dashed box containing an 'ADD A DOCUMENT' button, with a purple callout box pointing to it that says 'Document upload response'.

5. You can save your progress at any time using the **Finish Later** button. You will be able to resume where you left off later. You can also use the **Back** button to return to the previous question. To delete all responses and start over, use the **Cancel** button.
6. When you're satisfied with your answers and are ready to submit your questionnaire, click **Submit**.
